Sweet Buttcoins Dimitris Vareltzidis, 2024-06-03 Sweet Buttcoins is about women and investments in cryptocurrencies cryptos They are both sweet to learn but very difficult to understand and master One of the few girls who knew nothing about Bitcoins referred to them as Buttcoins which was actually a very sweet mistake that inspired me to come up with the title of the book My cryptos investments in 2022 were the best canvas to paint an interesting story A real events

story that combines my new endeavor in the cryptos world interacting with women online and my studies and experience in business administration economics business negotiations strategy and marketing as well as my hobbies In this fascinating new world I chose to live from February 2022 luck plays a very important role In cryptos it is extremely difficult to distinguish real professionals from scammers But as stated by Tom Cruise in the opening narration of legendary Color of Money a 1986 movie directed by Martin Scorsese starring Paul Newman and Tom Cruise as professional pool players Luck plays a part in nine ball But for some players luck itself is not I believe the story is interesting as it is inspired by real events but it is even better if the reader listens to the songs and views movie trailers as their titles appear in it in italics or with their initials capitalized to recognize them The songs movies and series mentioned in the book as integral parts of the story are listed as appendix 1 for readers to enjoy ideally simultaneously to reading the relevant sections of the book The punchlines of the book are the following a cryptos are a goldmine but also a minefield and b in investments and relationships trust is the most important factor

Subterranean Estates Hannah Appel, Arthur Mason, Michael Watts, 2015-06-24 Oil is a fairy tale and like every fairy tale is a bit of a lie Ryszard Kapuscinski Shah of Shahs The scale and reach of the global oil and gas industry valued at several trillions of dollars is almost impossible to grasp Despite its vast technical expertise and scientific sophistication the industry betrays a startling degree of inexactitude and empirical disagreement about foundational questions of quantity output and price As an industry typified by concentrated economic and political power its operations are obscured by secrecy and security Perhaps it is not surprising then that the social sciences typically approach oil as a metonym of modernity money geopolitics violence corruption curse or commodity rather than considering the daily life of the industry itself and of the hydrocarbons around which it is built Subterranean Estates gathers an interdisciplinary group of scholars and experts to instead provide a critical topography of the hydrocarbon industry understood not solely as an assemblage of corporate forms but rather as an expansive and porous network of laborers and technologies representation and expertise and the ways of life oil and gas produce at points of extraction production marketing consumption and combustion By accounting for oil as empirical and experiential the contributors begin to demystify a commodity too often given almost demiurgic power Subterranean Estates shifts critical attention away from an exclusive focus on global oil firms toward often overlooked aspects of the industry including insurance finance law and the role of consultants and community organizations Based on ethnographic research from around the world Equatorial Guinea Nigeria Oman the United States Ecuador Chad the United Kingdom Kazakhstan Canada Iran and Russia and featuring a photoessay on the lived experiences of those who inhabit a universe populated by oil rigs pipelines and gas flares this innovative volume provides a new perspective on the material symbolic cultural and social meanings of this multidimensional world
