The Buenos Aires Affair:

The Buenos Aires Affair Manuel Puig, 1976 **The Buenos Aires Affair** Manuel Puig, 2010 Manuel Puig's masterful and ironic detective novel concerns the abduction of a woman, an impending murder and the dim memories of a thousand old glamour queens: Garbo, Dietrich, Veronica Lake, Rita Hayworth, all combining to make a powerful portrait of two decidedly unglamorous lives: Gladys Hebe D. Onofrio, a lonely 35-year-old sculptor tormented by her fantasies and perpetually in search of the ideal lover; and Leo Druscovich, an outwardly confident and successful art critic deeply troubled by a terrible guilt that surfaces in his repeated sexual failures. Taking on exchanging and growing into the roles of victim and criminal, their lives presented through a variety of different kinds of evidence: lists, scribbled notes, transcripts, one-sided interrogations. These two lost souls gradually find themselves entirely dependent on one another and heading towards precisely the sort of violent ending a detective novel demands.

The Buenos Aires Affair Manuel Puig, 1980 *The Buenos Aires Affair* Manuel Puig, 1973 Cinematic Qualities in Manuel Puig's *The Buenos Aires Affair* Derek T. Frost, 1992 The Great Bridge Scandal Alan Truscott, 2004 In 1965 the bridge world was rocked by an accusation of cheating at the world championships in Buenos Aires. The pair involved were Britain's Terence Reese and Boris Schapiro, two of the world's best players. Now almost fifty years later the true inside story can be told: the investigation, the accusation and the very different results of the World Bridge Federation and British Bridge League inquiries.

Manuel Puig and the Spider Woman Suzanne Jill Levine, 2022-08-23 Manuel Puig's third novel was banned by the Peronist government for irreverence. His influence was already felt though even by writers who had dismissed him and by the time the film version of *Kiss of the Spider Woman* became a worldwide hit, he was a renowned literary figure. Puig's way of life was as unconventional as his fiction: he spoke of himself in the female form in Spanish, renamed his friends for his favorite movie stars, referred to his young male devotees as daughters, and as a perennial expatriate lived often with his mother everywhere from Rome to Rio de Janeiro.

Motives for Fiction Robert Alter, 1984 For many serious readers Robert Alter writes in his preface, the novel still matters and I have tried here to suggest some reasons why that should be so. In his wide-ranging discussion, Alter examines the imitation of reality in fiction to find out why mimesis has become problematic yet continues to engage us deeply as readers. Alter explores very different sorts of novels, from the self-conscious artifices of Sterne and Nabokov to what seem to be more realistic texts such as those of Dickens, Flaubert, John Fowles, and the early Norman Mailer. Attention is also given to such individual critics as Edmund Wilson and Alfred Kazin and to current critical schools. In Alter's essays, a particular book or movement or juxtaposition of writers provides the occasion for the exploration of a general intellectual issue. The scrutiny of well-chosen passages, the joining of images or themes or ideas, the associative and intuitive processes that lead to the right phrase and the right loop of syntax for the matter at hand—all these come together unexpectedly to illuminate both the text in question and the general issue. Recent discussions of mimesis in fiction generally proceed from a single thesis. By contrast, *Motives for*

Fiction offers an empirical approach attempting to define mimesis in its various guises by careful critical readings of a heterogeneous sampling of literary texts Intelligent and good humored the book is also old fashioned enough to wonder whether mimesis might not be a task or responsibility to which much contemporary fiction has not proved entirely adequate

Unfaithful Suzanne Jill Levine, 2025-06-12 In this witty and incisive memoir Suzanne Jill Levine winner of the 2024 PEN Ralph Manheim Award for Translation establishes a new way of writing about a translator's life Levine is a living legend in the translation world who credits her good fortune as a young translator to being in the right place at the right time beginning in the era of the Cuban revolution with growing interest in Latin America and its writers and unfolding in New York City in the turbulent 1960s and 1970s and beyond In *Unfaithful A Translator's Memoir* Levine interweaves her personal history and translation history in an important period Levine analyzes how her openness to another culture and new experiences along with a knack for translating the most difficult Latin American novels and positive interactions with her authors took her from a modest New York background into a whole new literary and linguistic world She also writes about how her friendship and then long relationship with Uruguayan writer and intellectual Emir Rodríguez Monegal helped her develop her career and how translating creatively subversive Guillermo Cabrera Infante and Manuel Puig taking on the task of making spoken Cuban and Argentine into a new literary language in translation was her true entry into the world of writing It is now common for translation scholars to talk about the embodied nature of the act of translation Levine fleshes out that embodiment in provocative detail with humor and style

The Cinematic Novel and Postmodern Pop Fiction Décio Torres Cruz, 2019-12-05 Décio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cinematic novel and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig *Betrayed* by Rita Hayworth *Heartbreak Tango* *The Buenos Aires Affair* *Kiss of the Spider Woman* and *Pubis angelical* Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig's hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire
