The Carpet Makers:

The Carpet Makers Andreas Eschbach, 2024-06-04 Enthusiastically introduced by no less than Orson Scott Card this far future novel does credit to everyone concerned starting with its German author Booklist Since the time of pre history carpetmakers tie intricate knots to form carpets for the court of the Emperor These carpets are made from the hairs of wives and daughters they are so detailed and fragile that each carpetmaker finishes only one single carpet in his entire lifetime This art descends from father to son since the beginning of time itself But one day the empire of the God Emperor vanishes and strangers begin to arrive from the stars to follow the trace of the hair carpets What these strangers discover is beyond all belief more than anything they could have ever imagined Brought to the attention of Tor Books by Orson Scott Card this edition of The Carpet Makers contains his special introduction Eschbach s first novel will blow you away Yes it s that good Analog A considerable achievement and one that suggests the presence of a world class SF voice that we ought to know about Locus Andreas Eschbach is incontestably the shooting star of the German SF scene Heyne Science Fiction Yearbook That such a magnum opus has been allowed to languish in the shadows for ten years is damning evidence of how parochial SF publishing can be Even more astounding it was Eschbach s debut Kirkus Reviews The Carpet Makers Stoddard and Company, A.F., Ltd, 1962 The Hair Carpet Weavers Andreas Eschbach, 2020-08-06 In the dusty wastes of a far flung planet strange artisans toil Like their fathers before them they tie intricate knots out of the hair of their wives and daughters slowly forming carpets Delicate and unique each carpet requires an entire lifetime of work and all will be sold to pave the Emperor s palace Then one day the empire falls Soon strange men begin to arrive from the stars in search of the carpets true destination What they discover will astonish them Combining brilliant world building with an irresistible sense of mystery Andreas Eschbach s acclaimed space opera is a compelling meditation on faith fundamentalism and the meaning of life itself

Patton, 2002 Shaw Industries which is based in Dalton Georgia is the nation s leading textile manufacturer and the world s largest producer of carpets This history focuses on the evolution of Shaw s business strategy and its adaptations to changing economic conditions Randall L Patton chronicles Shaw s rise to dominance by drawing on corporate records industry data and interviews with Shaw employees and management including Robert E Shaw the only CEO the company has known in its more than thirty years Patton situates Shaw within both the overall context of Sunbelt economic development and the unique circumstances behind the success of the tufted carpet industry in northwest Georgia
