Masters of War Clara Nieto, 2011-01-04 In Masters of War Clara Nieto adeptly presents the parallel histories of the countries of Latin America histories that are intertwined each reflecting the United States coherent policy of intervention set into motion by the Monroe Doctrine As the value of this continued policy comes increasingly into question Nieto argues for the need to evaluate the alarming precedent set in Latin America the institution of client dictatorships the roles played by the interests of U S corporations the enormous tolls taken on civilian populations and the irreversible disruption of regional stability Drawing from an impressive array of documents and sources as well as from her unique first hand insights as a participant in crucial meetings and negotiations in the region from the mid 1960s through the mid 1980s Nieto chronicles the Cuban Revolution the CIA sponsored coup against popularly elected President Allende in Chile the U S invasions of Panama and Grenada U S support for the cultivation and training of paramilitary death squads in Nicaragua El Salvador and Colombia as well as similarly severe but less well known situations in other countries such as Uruguay Venezuela Argentina Peru Bolivia Honduras and Guatemala Masters of War offers from an informed perspective perhaps for the first time a distanced objective analysis of recent Latin American history Clara Nieto's depth of knowledge and understanding is an invaluable resource at a time when the media is seen as unapologetically aligned with the interests of major corporations and policymakers and the American public has reached a new height of apprehension regarding the intentions behind and

Hess, 2003-09-02 My Times is a critical look at The New York Times from the inside John Hess worked at the paper for twenty four years as an editor rewrite man foreign correspondent investigative reporter and food critic from New York to Paris to the Middle East and back In his tenure Hess rubbed shoulders and butted heads with some of the notable figures of journalism from the last fifty years including Cyrus Sulzberger and his cousin Punch A M Rosenthal Seymour Hersh Scotty Reston and Homer Bigart But this isn't a lives of the saints reporters to Hess's observation mostly churned out unambitious conformist copy and when they didn't editors would fix it He argues that the paper deliberately fudged its coverage of Vietnam at a crucial turn He revisits the close association of the Sulzberger publishing family with the world leaders the newspaper purported to cover objectively Later Hess shows that the Times was far better acquainted with the jet set than with its neglected backyard few at the paper in the 1970s seemed able to pick out the Bronx on a map My Times is not without warmth for the Good Gray Lady Hess praises individual reporters and editors and notes that working for the most influential paper in the world gave him a platform to pursue various campaigns for justice a few of which he recaps here the journalistic prairie fire he set in connection with the New York State nursing home scandal his exposé of shenanigans at the Metropolitan Museum of Art and his revelation of corruption in several administrations at City Hall **The Literary World**, 1901 The Twenty-First-Century Media Industry John Allen Hendricks, 2010-06-22 The Twenty First Century Media Industry Economic and Managerial Implications in the Age of New Media examines the role that new media technologies are having on the traditional media industry from a media management perspective Consumer behaviors and consumer expectations are being shaped by new media technologies They now expect information on demand and on the go as well as at their finger tips via the Internet In order to stay relevant traditional media managers and practitioners are adapting to these consumer demands and expectations by developing new business models and new business philosophies to stay competitive The contributors to this volume explore the business strategies being implemented by some media industries such as newspapers and the recording industry who are struggling to not only remain competitive and profitable but also to
