Straub, 2008-11-28 Psychology: First Canadian Edition Study Guide Richard O. Straub, 2006-09-15 Following the text's content Richard Straub offers a Chapter Overview and Chapter Review which is divided by major section. Each group of fill in the blank and short answer questions is preceded by the relevant objective from the text. The Study Guide also includes three self tests one of which encourages students to think critically about the chapter's concepts answers with page references for the self tests and explanations of why a choice is correct or incorrect and a Focus on Language and Vocabulary section which explains idioms and other phrases used by David Myers in the text that may not be clear to some readers Study Guide for Psychology, Seventh Edition Richard O. Straub, David G. Myers, 2003-06-20 This new edition continues the story of psychology with added research and enhanced content from the most dynamic areas of the field: cognition, gender and diversity studies, neuroscience and more while at the same time using the most effective teaching approaches and learning tools.

The Case Study Guide to Cognitive Behaviour Therapy of Psychosis David Kingdon, Douglas Turkington, 2003-03-28 This is a practical volume which reflects how treatment programmes can be compatible with the reality of service delivery and mental health provision in an organisational context. It also supports both training and clinical practice by presenting examples of clinical cases to illustrate the assessment, treatment planning and implementation processes of CBT for psychosis. Based on extensive clinical experience and real life service settings. Deals with the roles of several mental health disciplines as they combine in these treatment programmes. Cases from a variety of settings: inpatient, outpatient, community. Describes techniques used with the full range of symptoms. Part of the Wiley Series in Clinical Psychology.
