

HISTORY GRADE 12 NOTES

QUESTION 1: SOURCE-BASED SECTION

THE COLD WAR IN EUROPE

- Before the end of World War II, the Western European countries and the Soviet Union began to grow suspicious of each other.
- The lack of trust and co-operation between the USA and USSR in particular, led to what is commonly referred to as the Cold War.

What was the Cold War?

- The Cold War was a series of mounting tensions between the two super-powers, each representing differing ideologies.
- On the one hand the USA symbolised a capitalist, democratic system and the USSR or Russia, stood for the principles of communism and a one-party system of government.
- The struggles between the two sides, the East vs the West, was an indirect conflict and usually at considerable risk to global peace.
- At times, the cold war became 'warm' and threatened to develop into full scale, 'hot' war - but one of the two powers always backed down at the last minute and thus the cold war continued for a lengthy period.

Origins of the Cold War

- After World War II, the Allied Powers had several conferences to discuss the future of Germany and the reconstruction of Europe.
- In February 1945, the Yalta Conference was held in the Soviet Union and the following was decided upon by the Big Three (Russia, USA, and Britain):
 - **That Germany be divided into four Zones of occupation - Russian, American, British and French.**
 - **Berlin, the capital of Germany, which was situated in the Russian Zone, be divided into four sections, one for each of the 4 major**

Science Curriculum Topic Study Page

Keeley,2005-02-23 Without question this book will be of great value to the profession of science teaching Given today's educational landscape of standards and high stakes testing curriculum topic study is an essential piece of the puzzle Cary Sneider Vice President for Educator Programs Museum of Science Boston Discover the missing link between science standards teacher practice and improved student achievement Becoming an accomplished science teacher not only requires a thorough understanding of science content but also a familiarity with science standards and research on student learning However a comprehensive strategy for translating standards and research into instructional practice has been lacking since the advent of standards based education reform Science Curriculum Topic Study provides a systematic professional development strategy that links science standards and research to curriculum instruction and assessment Developed by author Page Keeley of the Maine Mathematics and Science Alliance the Curriculum Topic Study CTS process can help teachers align curriculum instruction and assessment with specific research based ideas and skills The CTS process will help teachers Improve their understanding of science content Clarify a hierarchy of content and skills in a learning goal from state or local standards Define formative and summative assessment goals and strategies Learn to recognize and address learning difficulties Increase opportunities for students of all backgrounds to achieve science literacy Design or utilize instructional materials effectively Containing 147 separate curriculum topic study guides arranged in eleven categories that represent the major domains of science this book provides the tools to both positively impact student learning and develop the knowledge and skills that distinguish expert science teachers from novices Why History Education? Nadine Fink,Markus

Furrer,Peter Gautschi,2023-08-22 Sinn und Zweck der Geschichte werden immer wieder neu hinterfragt weil sich Gesellschaften ständig neu verorten Davon ist der Geschichtsunterricht direkt betroffen Warum Geschichtsunterricht Autor innen aus 18 Ländern und vier Kontinenten fragen daher nach der Bedeutung des Geschichtsunterrichts aus unterschiedlichen Perspektiven mit theoretischen Überlegungen und Modellen mit Bezügen aus der Unterrichtspraxis und Erkenntnissen aus der Forschung Die Publikation präsentiert eine ganze Reihe von Gründen warum Geschichte heute unbedingt unterrichtet werden muss Sie liest sich als Plädoyer für einen kompetenten Umgang mit Geschichte in heutigen Gesellschaften

Teaching to prevent atrocity crimes UNESCO,United Nations,2023-10-03 Jointly published by UNESCO and the United Nations Department of Global Communications this guide seeks to assist teachers from Africa in preparing and designing lessons about atrocity crimes including genocide It provides teachers with background knowledge teaching principles and concrete pedagogies to educate about complex histories and to navigate related classroom discussions The legacies of atrocity crimes such as the transatlantic slave trade and slavery colonialism and the 1994 genocide against the Tutsi in Rwanda continue to affect societies across Africa Through teaching about these histories and

the example of the Holocaust learners can be encouraged to acknowledge the historic injustices and understand the dangers of hate speech and prejudice Teaching the history of atrocity crimes can build learners knowledge and skills and can help to prevent violence by cultivating solidarity knowledge and respect for other cultures and identities Teachers require support in this task This guide provides teachers with relevant subject and pedagogical knowledge to meet the challenges of teaching about atrocity crimes This guide enables teachers in Africa to strengthen a culture of peace in their classrooms schools and communities through fostering their learners abilities to engage respectfully and responsibly in discussions about difficult or sensitive pasts It aims to build teachers skills and confidence to teach about histories of atrocity while nurturing human rights values and behaviours
