Concept-Based Curriculum and Instruction for the Thinking Classroom H. Lynn Erickson, 2007 This indispensable guide combines proven curriculum design with teaching methods that encourage students to learn concepts as well as content and skills for deep understanding across all subject areas Portable Technologies Robert Tinker, Joseph Krajcik, 2012-12-06 Education has traditionally studied the world by bringing it into the classroom This can result in situated learning that appears to students to have no relevance outside the classroom Students acquire inert decontextualized knowledge that they cannot apply to real problems The obvious solution to this shortcoming is to reverse the situation and bring the classroom to the phenomena to learn in a rich real world context The problem with the real world is that it is complex and filled with interactions that are hard to sort out The editors and authors believe that the right tools

might help students with this sorting process and result in learning in rich contexts This book is an account of a series of experiments designed to explore the validity of this insight *Transitioning to Concept-Based Curriculum and Instruction* H. Lynn Erickson, Lois A. Lanning, 2013-12-10 A cutting edge model for 21st century curriculum and instruction How can you spot a thinking child Look at the eyes they'll light up signaling that transformative moment when your student has finally grasped that big idea behind critical academic content If experiences like this are all too rare in your school then you need a curriculum and instruction model that's more inquiry driven and idea centered Now H Lynn Erickson and Lois Lanning demonstrate how through concept based curriculum you can move beyond superficial coverage and lower level skills practice to effect intellectually engaging pedagogy where students engage in problem finding and problem solving New insights include How to design and implement concept based curriculum and instruction across all subjects and grade levels Why content and process are two different but equally important aspects of any effective concept based curriculum How to ensure students develop the all important skill of synergistic thinking We're all looking for the best curriculum and instruction model to meet the changing demands of the 21st century This is it With the onset of the Common Core and new national content standards concept based learning is now more crucial than ever Erickson and Lanning are ahead of the curve in providing teachers and curriculum leaders with rich instructional strategies to meet these challenging standards This is an essential book for planning tomorrow's curricula today Douglas Llewellyn Educational Consultant and Author of *Inquire Within* Third Edition Powerful teaching engages minds with powerful ideas At its core such transformative teaching is neither transmission of information nor practice with inert skills Rather it is a careful choreography between a mind and an idea such that the mind comes to own the idea in a form that is true to the discipline and expansive for the learner Erickson and Lanning teach teachers to be choreographers of learning understanding both what makes content worth knowing and how to engage young minds with that content in ways that extend their capacities to understand it at a deeper level use it transfer it and ultimately create with it Carol Ann Tomlinson Ed D Chair of Educational Leadership Foundations and Policy Curry School of Education University of Virginia *100 Ideas for Primary Teachers: Reading for Pleasure* Scott Evans, 2023-03-30 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners Scott Evans aka The Reader Teacher shares 100 innovative and practical ideas to help teachers nurture confident enthusiastic young readers with a lifelong passion for books Combining clear practical advice with tried and tested classroom activities and inspiration 100 Ideas for Primary Teachers Reading for Pleasure will give teachers the tools they need to create and sustain a positive reading culture Based on the Reading Roadmap the author's unique five point framework to revolutionise reading in schools the ideas will help teachers promote reading for pleasure across the curriculum and create a
