, 2012-12-31 Pilgrimage Pathways for the United States James E. Mills, 2021-02-09 An inspirational argument for the creation of a new pilgrimage tradition in the United States Pilgrimage is a sacred tradition that has existed around the world for centuries Every year more than one hundred million devotees from different cultures and faiths embark on journeys to such holy sites as Santiago de Compostela Mecca and Banaras For some making a pilgrimage is a spiritual act while for others it is a secular experience of personal restoration And yet there has never existed a tradition of pilgrimage within the United States Cultural geographer James E Mills makes a compelling case for the creation of a network of American pilgrimage routes to heal societal divisions and foster a new ethos of humanitarianism and environmentalism He also addresses practical considerations for the development ownership and administration of future routes Pilgrimage Pathways for the United States is for anyone considering a pilgrimage and for those of us who are interested in connecting and
