Teaching Girls on Fire Sarah Hentges,Sean P. Connors,2020-05-19 The rise of YA dystopian literature has seen an explosion of female protagonists who are stirring young people s interest in social and political topics awakening their civic imagination and inspiring them to work for change These Girls on Fire are intersectional and multidimensional characters They are leaders in their communities and they challenge injustice and limited representations The Girl on Fire fights for herself and for those who are oppressed voiceless or powerless She is the hope for our shared future This collection of new essays brings together teachers and students from a variety of educational contexts to explore how to harness the cultural power of the Girl on Fire as we educate real world students Each essay provides both theoretical foundations as well as practical hands on teaching tools that can be used with diverse groups of students in formal as well as informal educational settings This volume challenges readers to realize the symbolic power the Girl on Fire has to raise consciousness and inform action and to keep that fire burning

Future T/Issues Ruth Gehrmann,2024-07-01 Transplant practices are discussed in the medical realm in fictional texts and in popular advertisement Yet how do these sectors intersect and influence each other How can the accounts of surgeons invested in transplant practice be brought into conversation with fictional voices Future T Issues positions transplantation at the intersection of natural science and the humanities and adds to the discussion of organ transplantation by focusing on one specific aspect that is commonly overlooked the idea of speculation By engaging with speculative fiction in conversation with life writing it contributes to a more thorough understanding of transplantation as a cultural practice showcasing that transplantation is imagined as part of the future both within and beyond the literary sphere Hereby this book establishes the relationship between literary and medical narratives as reciprocal in effect eroding boundaries between the life sciences and literary studies As an interdisciplinary endeavor this study contributes to literary studies specifically to the fields of life writing speculative fiction and young adult fiction it offers insights for the study of
