**Tactical Book of Law Enforcement Rules** Alpha Delta,2014-12-06 What started as a simple Facebook page post the Law Enforcement Rules have grown into a favorite theme on The Brotherhood and The Most Interesting K 9 Unit in the World There have been many requests to compile the list of rules and turn it into book form so here it is Page 4 of cover

**Police Use of Force and Federal Tactical Teams** Beverly Guzman,2016 Several high profile police shootings and other law enforcement related deaths in the United States have sparked intense protests throughout the country and a fierce debate in Congress concerning the appropriate level of force police officers should wield in a society that equally values public safety and the lives of each of its citizens under law These incidents have been the subject of several congressional hearings have prompted the introduction of various legislative measures and have catalysed a new civil rights movement in the United States aimed at reforming the criminal justice system Reformers claim that police work too closely with local prosecutors resulting in insufficient oversight and have called for greater involvement by the federal government The law enforcement community and its supporters have countered that these recent deaths are anomalous in otherwise exemplary police conduct and that placing the federal government in direct regulation of state and local police would present an unwarranted intrusion into state and local affairs To provide legal context for this debate this book will address three overarching questions what are the constitutional rules governing an officer s use of force what role has Congress played in providing a remedy for a violation of these rules and what are the potential reforms to these rules and remedies The authors of this book advocate for democratic ideals within law enforcement to combat the mindset that law enforcement officers are at war with the people they serve

**Tactical Medicine Essentials** John E. Campbell,E. John Wipfler III,Jim Smith,Lawrence E. Heiskell,2020-07-15 Designed for EMS and medical professionals at all levels of training Tactical Medicine Essentials Second Edition provides the foundation needed to become a world class tactical medical provider TMP Written by an experienced team of authors from diverse backgrounds this text covers the essential curriculum of tactical medicine including tactical patient assessment expedient extrication and evacuation and self defense skills The Second Edition thoroughly prepares medical professionals to safely accompany a SWAT unit into the tactical environment Current State of the Art Medical Content for the Tactical EnvironmentThe rapidly changing tactical environment requires specialized rapid assessment techniques The tactical patient assessment process is presented in a single comprehensive chapter ensuring that students understand how to rapidly apply this specialized process to the patient in the tactical environment Each traumatic injury chapter further reinforces the tactical patient assessment process by highlighting the unique aspects of each traumatic injury A new chapter about active assailant mass casualty incidents has been added Law enforcement education topics for TMPs are compiled in a new appendix Dynamic FeaturesThese features allow EMS and medical professionals to take the extra step toward becoming outstanding TMPs At the Scene Advice from experienced TMPs on how

to excel during a mission Safety Information on how to remain safe in the tactical environment even under the threat of violence Medical Gear Tips on the best equipment to pack and utilize in the tactical environment Detailed Step by Step Skill Reviews A thorough discussion of how to perform lifesaving skills in the high intensity tactical environment     **FACTS AND FALLACIES ABOUT LAW ENFORCEMENT TRAINING AND DEFENSIVE TACTICS** Joseph Truncale,2015-06-02 This is a manual will be of interest to not only all Law Enforcement Defensive Tactics Instructors but to anyone in the law enforcement field who is concerned about the facts and fallacies floating around this field The following are just a sample of the questions this basic guide will answer Is law enforcement defensive tactics a science Do the techniques and tactics you were taught always work on the street What is reality based training as it applies to defensive tactics Is there any formal martial art which is perfect for police officers Should officers be taught striking techniques Is the PR 24 Police Baton just a Tonfa Is training once a year sufficient to remain competent in defensive tactics     *The Management of Police Specialized Tactical Units* Tomas C. Mijares,Ronald M. McCarthy,2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of *The Management of Police Specialized Tactical Units* represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit s ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles     **Advanced Concepts in Defensive Tactics** Chuck Joyner,2010-12-16 This ground breaking book is the first law enforcement defensive tactics publication that realistically addresses the limited training that law enforcement officers currently receive This book concentrates on avoiding the initial attack moving to safety deploying a secondary weapon and surviving the attack Concepts are based upon extensive research a landmark study by the International Association of Chiefs of Police and street experience The book stresses core concepts proper body mechanics and proven survival principles Each chapter ends with drills to increase mental awareness physical skills and survivability
