The young person's guide to the orchestra ,1947

The Cambridge Companion to Benjamin Britten Mervyn

Cooke, 1999-06-28 The Cambridge Companion to Benjamin Britten is a comprehensive guide to the composer's work aimed both at the non-specialist and music student. It sheds light on both the composer's stylistic and personal development, offering new interpretations of his operatic works and discussing his characteristic working methods. Topics treated here in detail for the first time include Britten's work in the cinema in the 1930s, his lifelong pacifism, and his strong interest in the music of the Far East. Other chapters include reassessments of his relationship with W. H. Auden and his attitude towards childhood, comprehensive analyses of major works, and a concise history of the Aldeburgh Festival. A distinguished team of contributors include some who worked with the composer during his lifetime, as well as leading representatives of the younger generation of Britten scholars on both sides of the Atlantic.

Reviewing **The Young Person Guide To Orchestra**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
