Latino Los Angeles in Film and Fiction Ignacio López-Calvo, 2011-02-15 Los Angeles has long been a place where cultures clash and reshape. The city has a growing number of Latina/o authors and filmmakers who are remapping and reclaiming it through ongoing symbolic appropriation. In this illuminating book, Ignacio López-Calvo foregrounds the emotional experiences of authors, implicit authors, narrators, characters, and readers in order to demonstrate that the evolution of the imaging of Los Angeles in Latino cultural production is closely related to the politics of spatial location. This spatial-temporal approach, he writes, reveals significant social anxieties, repressed rage, and deep racial guilt. *Latino Los Angeles in Film and Fiction* sets out to reconfigure the scope of Latino literary and cultural studies. Integrating histories of different regions and nations, the book sets the interplay of unresolved contradictions in this particular metropolitan area. The novelists studied here stem from multiple areas, including the U.S., Southwest, Guatemala, and Chile. The study also incorporates non-Latino writers who have contributed to the Latino culture of the city. The first chapter examines Latino cultural production from an ecocritical perspective on urban interethnic relations. Chapter 2 concentrates on the representation of daily life in the barrio and the marginalization of Latino urban youth. The third chapter explores the space of women and how female characters expand their area of operations from the domestic space to the public space of both the barrio and the city. A much-needed contribution to the fields of urban theory, race critical theory, Chicana/o Latina/o studies, and Los Angeles writing and film, López-Calvo offers multiple theoretical perspectives, including urban theory, ecocriticism, ethnic studies, gender studies, and cultural studies, contextualized with notions of transnationalism and post-nationalism.

The Reptant Eagle Roberto Cantú, 2015-01-12 Carlos Fuentes (1928-2012) was the most prominent novelist in contemporary Mexico and, until his recent death, one of the leading voices in Latin America's Boom generation. He received the most prestigious awards and prizes in the world, including the Latin Civilization Award presented by the Presidents of Brazil, Mexico, and France; the Miguel de Cervantes Prize; and the Prince of Asturias Award. During his fecund and accomplished life as a writer, literary theorist, and political analyst, Fuentes turned his attention to the major conflicts of the twentieth century: from the Second World War and the Cuban Revolution to the Soviet invasion of Czechoslovakia, the war in Vietnam, and the post-revolutionary crisis of the one-party rule in Mexico, and attended to their political and international importance in his novels, short fiction, and essays. Known for his experimentation in narrative techniques and for novels and essays written in a global range that illuminate the conflicts of our times, Fuentes's writings have been rightfully translated into most of the world's languages. His literary work continues to spur and provoke the interest of a global readership on diverse civilizations and eras, from Imperial Spain and post-revolutionary France to Ancient and Modern Mexico, the United States, and Latin America. *The Reptant Eagle: Essays on Carlos Fuentes and the Art of the Novel* includes nineteen essays and one full introduction written exclusively for this volume by renowned Fuentes scholars from Asia, Europe, the United States, and Latin America. Collected into five parts, the essays integrate wide-ranging methods

and innovative readings of *The Death of Artemio Cruz* 1962 *Aura* 1962 *Terra Nostra* 1975 and among other novels *Distant Relations* 1980 they analyze the visual arts in Fuentes's novels Diego Rivera's murals and world film chart and comment on the translations of Fuentes's narratives into Japanese and Romanian and propose comprehensive readings of *The Buried Mirror* 1992 and *Personas* 2012 Fuentes's posthumous book of essays *Beyond* their comprehensive and interdisciplinary scope the book's essays trace Fuentes's conscious resolve to contribute to the art of the novel and to its uninterrupted tradition from Cervantes and Rabelais to Thomas Mann and Alejo Carpentier and from the Boom generation to Latin America's Boomerang group of younger writers This book will be of importance to literary critics teachers students and readers interested in Carlos Fuentes's world embracing literary work

[Revolution and State in Modern Mexico](#) Adam David Morton, 2013-10-04 Now in an updated edition this groundbreaking study develops a new approach to understanding the formation of the postrevolutionary state in Mexico In a shift away from dominant interpretations Adam David Morton considers the construction of the revolution and the modern Mexican state through a fresh analysis of the Mexican Revolution the era of import substitution industrialization and neoliberalism Throughout the author makes interdisciplinary links among geography political economy postcolonialism and Latin American studies in order to provide a new framework for analyzing the development of state power in Mexico He also explores key processes in the contestation of the modern state specifically through studies of the role of intellectuals democratization and democratic transition and spaces of resistance As Morton argues all these themes can only be fully understood through the lens of uneven development in Latin America Centrally the book shows how the history of modern state formation and uneven development in Mexico is best understood as a form of passive revolution referring to the

ongoing class strategies that have shaped relations between state and civil society As such Morton makes an important interdisciplinary contribution to debates on state formation relevant to Mexican studies postcolonial and development studies historical sociology and international political economy by revitalizing the debate on the uneven and combined character of development in Mexico and throughout Latin America In so doing he convincingly contends that uneven development can once again become a tool for radical political economy analysis in and beyond the region A substantive new epilogue engages the main theoretical debates that have emerged since the book was first published while also exploring the dominant geographies of power and resistance that are shaping state space in Mexico in the twenty first century And now a Spanish edition *Revoluci n y Estado en M xico moderno* M xico D F Siglo XXI 2017 is available as well Click here to see the book trailer [This I Believe](#) Carlos Fuentes,2005-11-01 An A Z of the things that Fuentes loves and passionately believes in it is a kind of manifesto but one that also draws on key moments in his life [Moon Oaxaca](#) Justin Henderson,2015-07-14 This full color guide includes vibrant photos and helpful maps Traveler and author Justin Henderson covers the best of Oaxaca from bargaining at the Mercado Ju rez to exploring the Castillo de Moctezuma Aztec pyramid Henderson offers up unique trip strategies including Best Beaches and Local Festivals Native Markets as well as experienced advice on where to go and what to see Complete with information on sampling mezcal Oaxaca s native liquor and enjoying the vistas and fresh seafood of Puerto ngel Moon Oaxaca gives travelers the tools they need to create a more personal and memorable experience
