Thika TTI new status as center of excellence in autobody building and welding

Thika Technical Training Institute is one of the nine TVET institutions selected to benefit from the Kenya German Technical Industrial Vocational and Entrepreneurship Training initiative. Under the program, Thika TTI will get funding to become **a center of Excellence in automotive body building and welding.** The programme is expected to equip the youth with requisite skills to enable them contribute effectively to the country's development.

The preparations in the CoE are at top gear including a Strategic Business Plan (SBP) covering a period of five years up to 2024. The preparations are geared towards fully established systems, involving human resource, facilities and equipment that will enable the CoE to produce graduates that have competencies required by the industry without need for retooling. There will also be an established Autobody production line in the institute that will also serve as a vehicle body's production training unit.

The staff under the department is currently being taken through an E-learning training as well as the Institute Learning Management System (LMS). This is in readiness for our first intake under this program that started on 5th October 2020 and is being handled online, to prepare them train virtually on the Moodle platform. The first intake consists of fifteen trainees undertaking Autobody Technician level 6 in body building and welding. This is planned such that they will spend 50% of their training in the institute and 50% in the industry collaborating in the training. This is a great milestone for us as an institution.

The CoE is also proud to announce the launching of **THIKA TECHNICAL TRAINING INSTITUTE DRIVING SCHOOL** which will be unveiled soon.
