Pinkston, 2020-12-10 This book celebrates Chinua Achebe one of the most profound and famous African writers of our time and his widely read masterpiece Things Fall Apart The novel remains a must read literary text for reasons the many contributors to this book make clear in their astute readings Their perspectives offer thought provoking and critically insightful considerations for scholars of all ages cultures and genders

The Root Causes of Terrorism Mahmoud Masaeli, Rico Sneller, 2017-01-06 Fifteen years after the tragic events of 9 11 bombs are still exploding and innocent people are being killed by terrorist groups in both western and Islamic societies Most of these sinisterly threatening events are motivated by religious claims or are taking place in religiously affected places Is religion the main cause of terrorism or does terrorism still arise because of leaders who brainwash and coach future terrorists so that they kill under the banner of religion The religious imagination seems to hold here an influential power in the creation of delusion to orient the bigot believers toward fulfilling their religious duty against those who are religious in a different way or are not religious at all Religion in this sense is tightly allied with political aspirations In spite of the religious justification of the act of killing enlightened religious leaders and religious minded people believe and argue that religion is a source of love and affection Therefore the sacred texts of religious tradition must be read from a humanist perspective because the ultimate message of religion is about the appreciation of the principle of humanity This is a growing attitude among many religious people today who believe that God is merciful and compassionate and never orders resentment violence and killing of innocent people In addition no true religious tradition appreciates self serving interpretations promoting violence against others If religion disregards love affection and compassion as its essence it drops into the dire vortex of ideological dogma as it is in the case for the Taliban ISIS Boko Haram and Al Shabab Therefore any interpretation that admits violence and killing would be a mere provincial reading of the religious texts agitated by purposeful intentions aimed at political goals This book investigates and addresses the root causes of terrorism from a religious studies perspective The themes analysed and discussed here mainly include a range of religious and philosophical issues such as religious violence in scriptural monotheism radical interpretations of religious texts militancy and sacrifice apocalypticism and terrorism and religious terrorism today The book brings together new approaches adopted by the authors to not only trace the causes of terrorism in various religious interpretations and realms but also reach a common definition of the main religious causes beyond diverse perspectives and advance solutions against religious inspired terrorism

Responses of Mysticism to Religious Terrorism Mahmoud Masaeli, Rico Sneller, 2020-01-02 This book explores how mystical traditions of either Abrahamic or non Abrahamic religions hold the potential to challenge the discourse of political Islam and its terrorist intentions It discusses the urgent need to reconsider mystical messages of love and recognition of difference against the poisonous evil of terrorism issuing from religious contexts Throughout the publication the editors draw

together the main ideas and perspectives surrounding mystical Islam in real life and the practice of mystics alongside illustrating common beliefs and practices of Islamic mysticism This book analyses the message and impacts of mysticism on the battle against the evil of religious terrorism whilst examining successful stories and cases against violence and religious terrorism *Spirituality and Global Ethics* Mahmoud Masaeli,Rico Sneller,2017-05-11 This volume addresses three fundamental questions about the interplay between the ethics of globality and spirituality What are the practical implications of spirituality for the condition of life in a turbulent era of violent religious non religious extremism In what way can spirituality the view of love compassion tolerance and mutual recognition encounter mistrust enmity separateness and violence How and in what way can spirituality contribute to the newly emerging global ethics Religious scholars distinguish between the esoteric and exoteric sides of belief systems Esotericism centres on the inner awareness and conceals a certain spirituality that is only transmittable to those who could successfully pass through a process of initiatic preparation and transpersonal practices to understand the mystical dimensions of existence In contrast exotericism takes the outer dimension of every day consciousness into account and favours the possibility of the popular understanding of the essence of existence In this perspective truth could be grasped by the public without the need of any transpersonal initiative and transformation of consciousness Esotericism extends beyond religion and has become the spiritual philosophy of life without the need of being essentially religious It has become common notably in the West to identify oneself as spiritualist without having religious affiliations The condition of globality has provided an unprecedented opportunity for spiritual perspectives to grow Ideas perspectives beliefs and philosophies of life are growing outside local national containers to express themselves in different global settings while the forces of globalisation are influencing local identities and cultures While evolving global transformations strengthen people s capability to leave institutionally ordered belief systems it simultaneously enables them to rearrange themselves around alternative perspectives These fundamental transformations cultivate a fabulous landscape for the growth of spirituality *Chinua Achebe's Things Fall Apart* David Whittaker,Mpalive-Hangson Msiska,2007-11-08 Offering an insight into African culture that had not been portrayed before Things Fall Apart is the tragic story of an individual set in the wider context of colonialism as well as a powerful and complex political statement of cross cultural encounters This guide offers an accessible introduction to the text and contexts of Things Fall Apart surveying the many interpretations of the text from publication to the present and the critical material that surrounds it *Things Fall Apart, by Chinua Achebe* M. Keith Booker,2011 Edited and with an introduction by M Keith Booker this volume in the Critical Insights series brings together a wide variety of criticism on Achebe s seminal novel In the opening section of the volume Booker s introduction reflects on Achebe s pioneering achievement and Petrina Crockford evaluates the enduring international popularity of Things Fall Apart *Chinua Achebe's Things Fall Apart* Isidore Okpewho,2003 Chinua Achebe is Africa s most prominent writer and Things Fall Apart 1958 is the most renowned and widely read African novel in the global literary canon

Chinua Achebe and the Politics of Narration Thomas Jay Lynn, 2017-07-18 This book examines vital intersections of narration linguistic innovation and political insight that distinguish Chinua Achebe's fiction as well as his non-fiction commentaries Each chapter focuses on a different aspect of these intersections Achebe's narrative response to Western authors who have written on Africa his integration of Igbo folklore the political implications of writing African literature in English his use of Nigerian Pidgin and the Nigerian Civil War It also addresses the teaching of Achebe's works Achebe drew on diverse resources to offer searching psychological and political insights that contribute not only a decidedly African political viewpoint to the modern novel but also a more inclusive narrative consciousness Achebe's adaptations of Igbo oral art are intrinsic to his writing's political engagement because they assert the integrity and authority of the African voice in a global order defined by colonialism This book reveals how his work has helped to restructure a global vision of Africa

African Perspectives on Global Development Mahmoud Masaeli, Rico Sneller, 2019-01-22 Africa is not merely an invention with a modern imperial or colonial background Nor is it simply a continent in need of foreign aid from the richer more affluent societies Africa might be economically needy politically unstable and in part socially chaotic and suffering from civil wars and social unrest However the continent and its peoples are certainly different from the negative image portrayed in the mass media Africa had been the cradle of civilization in the pre-colonial era and is today undergoing a diverse cultural philosophical and spiritual development with great potential contributing to contemporary debates around the ethics of globality The novelty of this book derives from its multidisciplinary approach Although the authors generally come from the fields of development and economics global studies political science philosophy and ethics and sociology they present Africa's alternative view of human wellbeing in order to provide theories and policy recommendations which inspire the specific developmental patterns for the growth of the continent The volume discusses the meaning of development for the continent by drawing on culture identity ethnicity and philosophy of nature The contributors examine a variety of issues and themes directly related to the opportunities provided by globality to promote the development of the continent They also discuss solutions for underdevelopment and poverty and how those perspectives might be effectively integrated into the global agenda for the development of Africa

Ecocriticism of the Global South Scott Slovic, Swarnalatha Rangarajan, Vidya Sarveswaran, 2015-03-24 The vast majority of existing ecocritical studies even those which espouse the postcolonial ecocritical perspective operate within a first world sensibility speaking on behalf of subalternized human communities and degraded landscapes without actually eliciting the voices of the impacted communities Ecocriticism of the Global South seeks

to allow scholars from or intimately familiar with underrepresented regions to write back to the world's centers of political and military and economic power expressing views of the intersections of nature and culture from the perspective of developing countries. This approach highlights what activist and writer Vandana Shiva has described as the relationship between ecology and the politics of survival showing both commonalities and local idiosyncrasies by juxtaposing such countries as China and Northern Ireland, New Zealand and Cameroon. Much like *Ecoambiguity: Community and Development*, this new book is devoted to representing diverse and innovative ecocritical voices from throughout the world, particularly from developing nations. The two volumes complement each other by pointing out the need for further cultivation of the environmental humanities in regions of the world that are essentially the front line of the human struggle to invent sustainable and just civilizations on an imperiled planet.

Confronting the Widening Gyres of the Empire Chinmay Routray, 2024-09-21 In the 19th century, European colonialism imposed a hegemonic grip over Africa, profoundly disrupting indigenous societies. Chinua Achebe, a seminal figure in postcolonial literature, embarked on an intentional mission to decolonize the literary canon through his writings, particularly by restoring Igbo culture as a means to counteract colonial legacies. This book offers a critical exploration of Achebe's *Things Fall Apart*, analysing how colonialism restructures power dynamics within Igbo society and how Achebe, as a postcolonial writer, reappropriates this power. By employing an interdisciplinary approach, this book analyses the pre-colonial power configurations in Igbo society. It then advances a postcolonial analysis of the colonial usurpation of power from the indigenous Igbo centre, before culminating in an examination of Achebe's linguistic strategies as a tool for decolonization aimed at reappropriating power back to the indigenous Igbo centre. This book is an indispensable resource for scholars and researchers of postcolonial literature and is aimed at providing an in-depth understanding of colonial disruption to indigenous societies while simultaneously emphasizing the pivotal role of literature and language in restoring cultural agency to the native context.

America's Shadow William V. Spanos, 2000 A study of imperialism that stretches from ancient Rome to the post-Cold War World, this provocative work boldly revises our assumptions about the genealogy of the West. Rather than locating its source in classical Greece, William V. Spanos argues we should look to ancient Rome, which first articulated the ideas that would become fundamental to the West's imperial project. These founding ideas, he claims, have informed the American national identity and its foreign policy from its origins. The Vietnam War is at the center of this book. In the contradiction between the free world logic employed to justify U.S. intervention in Vietnam and the genocidal practices used to realize that logic, Spanos finds the culmination of an imperialistic discourse reaching back to the colonizing rationale of the Roman Empire. Spanos identifies the language of expansion in the white metaphors in Western philosophical discourse since the colonization of Greek thought by the Romans. He shows how these metaphors and their role in metaphysical discourse have long been complicit in the violence of imperialism.

Achebe's Things Fall Apart Ode Ogede, 2007-05-16 A Reader's Guide to one of the best-known African novels

Chinua Achebe's *Things Fall Apart* **Blazing the Path** Chima Anyadike, Kehinde A. Ayoola, 2012 *Blazing the Path* Fifty Years of *Things Fall Apart* is a collection of new perspectives on Chinua Achebe's *Things Fall Apart* a novel that was first published in 1958 and which has since become a classic of world literature. Aside from opening up the novel to new interpretive strategies of well-established literary critics and clarifying some past ones, this collection of essays repositions *Things Fall Apart* as a literary piece with interdisciplinary and multidimensional appeal. The volume fulfills the objective of using the novel to interrogate the colonial and pre-colonial African past with Nigeria's post-modern present and projects the country into a future that looks to literature for a deeper understanding of where Nigeria is as a citizen of an emerging global village.

Care and Crisis in Chinua Achebe's Novels Amechi Nicholas Akwanya, 2024-04-16 This book is a new study of Chinua Achebe's novels in which they are read as works of literary art. As literary works are studied and discussed within the discipline of literary studies and criticism, a central concept, care, which is a humane value, is found to run in the texts and is the crux of the test that the major characters are subjected to. What challenges them as things to be taken care of through concern may be a human being in a dire circumstance, as with Ikemefuna in *Things Fall Apart*, the human group itself exposed to famine in what should be harvest time, Arrow of God, or the state which needs to be brought to its proper being as Heidegger would say. No Longer at Ease and *A Man of the People* or human suffering calling to be relieved. *Anthills of the Savannah*. The novels are all in the tragic mode because intervention is under some kind of interdiction.
