Examining the Similarities and Differences Between African American Students who Incur Increased Loan Indebtedness Compared to Those who Choose to Borrow Less Barbara Matthews Tharpe, 2017 Education will always be a driving force to better individuals marketing ability In this society you must be willing to sacrifice and make decisions on whether or not to

obtain a college degree For many students to obtain a college degree requires financing options which in terms means loan debt Current research suggested that over 80% of students rely on some type of financial aid assistance to help with financing postsecondary educational opportunities The primary focus of this study was to explore if there were any relationships between African American male and female students borrowing habits Results of the study indicate socioeconomic or demographic factors did not play a role in why some students borrow more than others

Student Loans and the Dynamics of Debt Brad Hershbein, Kevin M. Hollenbeck, 2015-02-23 The papers included in this volume represent the most current research and knowledge available about student loans and repayment It serves as a valuable reference for researchers and policymakers who seek a deeper understanding of how why and which students borrow for their postsecondary education how this borrowing may affect later decisions and what measures can help borrowers repay their loans successfully

Federal Student Loans Tatiana Shohov, 2004 Title IV of the Higher Education Act HEA authorises the major federal student aid programs including the student loan programs which are the largest source of aid for students In FY2000 the Federal Family Education Loan FFEL programs and the Federal Direct Student Loan DL program supported an estimated 33.1 billion in new loan volume Several types of loans are available Federal need based subsidised Stafford loans under which the government pays the interest while the borrower is in school a grace period of deferment unsubsidised Stafford loans Federal PLUS loans for parents of undergraduate students and Federal Consolidation loans Overall student loan volume has been increased in recent years from 24 billion in FY1994 to 33 billion in FY2000 The number of loans being made has increased over the same period going from 6 483 000 to 8 618 000 The average amount that individual students are borrowing in any given year has not increased as dramatically This new book examines important issues related to this cornerstone of American higher education

Managing and Collecting Student Accounts and Loans David R. Glezerman, Dennis DeSantis, 2008-01-01

Choice Architecture Versus Price Xiaoling Ang, 2016 We show that changes in choice architecture have a large effect on student loan decisions while we do not find significant effects of sizeable interest rate changes We evaluate the effect of two policies implemented in 2010 by the U S Department of Education 1 the requirement that all applicants for private student loans fill out a Self Certification Form which includes various disclosures about federal aid and 2 the prohibition of presenting a private student loan as a default option on a financial aid offer without disclosure of the relationship between the school and the creditor Using difference and difference and matching techniques on a proprietary dataset of private student loan originations from the Consumer Financial Protection Bureau and survey and administrative data from the Department of Education we show that these changes decreased private student loan originations by 33% at public four year institutions 18% at private not for profit four year institutions and 55% at four year for profit institutions In contrast we find no consumer response when analyzing 60 basis point decrease in the price of federal Parental PLUS loans at some schools using same datasets and similar estimation techniques

The Student Loan

Mess Joel Best, Eric Best, 2014-05-02 Student loan debt in the U S now exceeds 1 trillion more than the nation s credit card debt This timely book explains how and why student loans evolved the concerns they ve raised along the way and how each policy designed to fix student loans winds up making things worse The authors a father and son team provide an intergenerational interdisciplinary approach to understanding how over the last 70 years Americans incrementally with the best intentions created our current student loan disaster They examine the competing interests and shifting societal expectations that contributed to the problem and offer recommendations for confronting the larger problem of college costs and student borrowing in the future *The Student Loan Handbook* Lana J. Chandler, Michael D. Boggs, 1990 *Federal Student Loans Revisited* Lydia N.
