The Individual and Utopia Clint Jones, Cameron Ellis, 2016-03-09 Central to the idea of a perfect society is the idea that communities must be strong and bound together with shared ideologies However while this may be

true rarely are the individuals that comprise a community given primacy of place as central to a strong communal theory This volume moves away from the dominant current macro level theorising on the subject of identity and its relationship to and with globalising trends focusing instead on the individual s relationship with utopia so as to offer new interpretive approaches for engaging with and examining utopian individuality Interdisciplinary in scope and bringing together work from around the world The Individual and Utopia enquires after the nature of the utopian as citizen demonstrating the inherent value of making the individual central to utopian theorizing and highlighting the methodologies necessary for examining the utopian individual The various approaches employed reveal what it is to be an individual yoked by the idea of citizenship and challenge the ways that we have traditionally been taught to think of the individual as citizen As such it will appeal to scholars with interests in social theory philosophy literature cultural studies architecture and feminist thought whose work intersects with political thought utopian theorizing or the study of humanity or human nature

Utopias and Utopians

Richard C.S. Trahair,2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume

From the Pandemic to Utopia Boaventura de Sousa Santos,2023-04-12 The coronavirus pandemic forces us to rethink our contemporaneity It has brought to the surface dimensions of human fragility that partially contradict the euphoria and human hubris of the fourth industrial revolution artificial intelligence It has also aggravated the social inequality and racial discrimination that characterize our societies The book argues that the virus rather than an enemy must be viewed as a pedagogue It is trying to teach us that the deep causes of the pandemic lie in our dominant mode of production and consumption The systemic overload of natural resources creates a metabolic rift between society and nature that destabilizes the habitat of wild animals and the vital cycles of natural regeneration whereby pandemics become an increasingly recurrent phenomenon In trying to take seriously this lesson the book proposes a paradigmatic shift from the current civilizatory model to a new one guided by a more equitable relationship between nature and society and the priority of life both human and non human

Debating Health Care Ethics, Third Edition

Doran Smolkin,Patrick Findler,Warren Bourgeois,2025-04-28 Debating Health Care Ethics Third Edition explores contemporary moral challenges in health care through a unique debate format providing students with the essential tools to understand and critically evaluate the leading arguments in the field and to develop their own arguments on important moral problems in health care The first three chapters explore the nature of arguments philosophical methodology and a range of leading normative ethical theories The

remaining chapters introduce students to moral problems in health care through dramas that feature complex scenarios involving patients family members and health care providers Each drama is followed by a lively debate where the authors consider and evaluate rival arguments concerning the moral issues raised by the drama The dramas encourage students to start thinking about ethical issues in health care The debates then demonstrate how arguments are developed and criticized These debates also encourage students to develop and defend their own arguments on these topics This technique is more interactive and approachable than standard philosophical texts This third edition contains updated chapters and dramas that reflect recent changes in health care in Canada One such change is to the chapter on euthanasia which now includes a drama and a debate centred on the morality of legalizing Medical Assistance in Dying MAiD Other changes to the text are in response to the Covid 19 pandemic These include updated chapters on the proper rules for prioritizing care in emergency situations triage and the moral limits of medical doctors administering unproven alternative medications to patients who request them The third edition also contains a drama and debate on autonomy and valid consent and a drama and updated debate on the justice of a two tier health care system where one level of health care is available to all regardless of means and another level of faster health care is available only to those with means

Female-Led Utopia Connie Riker, 101-01-01

Are you tired of living in a world dominated by men Do you feel like women s voices are constantly silenced Are you ready for a society where empathy intuition and female leadership take center stage This book is your guide to understanding why women are the key to a better future Discover why men s so called rationality has led to wars environmental destruction and systemic oppression Learn how toxic masculinity traps men in a double bind forcing them to perform roles that harm both themselves and women Explore the sacred act of abortion as a powerful tool for reclaiming autonomy from the patriarchy Understand why women s emotional intelligence and intuition are superior to men s cold logic Find out how a patriarchy tax can fund women s empowerment and create a more just society See why traditional values and male dominated family structures are outdated and oppressive Uncover the truth about men s contributions to society and why they re vastly overrated Embrace the weaponization of wokeness as a necessary step toward dismantling male privilege If you want to live in a world where women lead where empathy triumphs over aggression and where the patriarchy is finally dismantled then buy this book today It s time to rewrite reality and create a female led utopia

Justice and Health Care E.E.

Shelp,2012-12-06 Bioethics is a discipline still not fully explored in spite of its rather remarkable expansion and sophistication during the past two decades The proliferation of courses in bioethics at educational institutions of every description gives testimony to an intense academic interest in its concerns The media have catapulted the dilemmas of bioethics out of the laboratory and library into public view and discussion with a steady report of the so called miracles of modern medicine and the moral perplexities which frequently accompany them The published work of philosophers theologians lawyers and others represents a substantial and growing body of literature which explores relevant concepts and issues Commitments have been made by existing institutions and new institutions have been chartered to further the discussion of the strategic moral concerns that attend recent scientific and medical progress This volume focuses attention on one of the numerous topics of interest within bioethics Specifically an examination is made of the implications of the principle of justice for health care Apart from four essays in Ethics and Health Policy edited by Robert Veatch and Roy Branson the discussion of justice and health care has been occasional almost nonexistent and scattered The paucity of literature in this area is regrettable but perhaps understandable On the one hand Joseph Fletcher one of the contemporary pioneers in bioethics can hold that distributive justice is the core or key question for biomedical ethics 1 p 102

Health Care and the Common Good José I. Lavastida,1999-11-22 Studies the situation related to access to health care in the US Approaches the problem first by analyzing its history then synthesizing different philosophical and practical solutions that have been attempted in order to reform health care and finally presents and analyzes ways to solve problems of access to health using an ethical approach nourished according to the guidance offered by the teachings of the Catholic Church Lacks a subject index

Everybody Wants to Go to Heaven but Nobody Wants to Die: Bioethics and the Transformation of Health Care in America Amy Gutmann,Jonathan D. Moreno,2019-08-27 NOW FEATURING A NEW AFTERWORD PANDEMIC ETHICS From two eminent scholars comes a provocative examination of bioethics and our culture's obsession with having it all without paying the price Shockingly the United States has among the lowest life expectancies and highest infant mortality rates of any high income nation yet as Amy Gutmann and Jonathan D Moreno show we spend twice as much per capita on medical care without insuring everyone A remarkable highly readable journey Judy Woodruff sure to become a classic on bioethics Everybody Wants to Go to Heaven but Nobody Wants to Die explores the troubling contradictions between expanding medical research and neglecting human rights from testing anthrax vaccines on children to using brain science for marketing campaigns Providing a clear and compassionate presentation Library Journal of such complex topics as radical changes in doctor patient relations legal controversies over in vitro babies experiments on humans unaffordable new drugs and limited access to hospice care this urgent and incisive history is required reading for anyone with a heartbeat Andrea Mitchell

The Existence of God John J. Pasquini,2009-12-08 The Existence of God is an affirmation of faith in God and a warning of the dangers of a world guided by the religion of atheism This book warns against a religion based upon chance

deficient science and deficient atheistic evolution as opposed to theistic evolution Modern advances in molecular biology cosmic mathematics and the psychology of atheism have vanquished atheism's intellectual and psychological *raison d'être* In one of history's great ironies the birth of the New Atheism has brought about the beginning of the end of atheism as a legitimate intellectual position **Dental Economics**, 1989 Law by Night Jonathan Goldberg-Hiller, 2023-11-28 In *Law by Night* Jonathan Goldberg-Hiller asks what we can learn about modern law and its authority by understanding how it operates in the dark of night He outlines how the social experience and cultural meanings of night promote racialized and gender violence but also make possible freedom of movement for marginalized groups that might be otherwise unavailable during the day Examining nighttime racial violence curfews gun ownership the right to sleep and take back the night rallies Goldberg-Hiller demonstrates that liberal legal doctrine lacks a theory of the night that accounts for a nocturnal politics that has historically allowed violence to persist By locating the law's nocturnal limits Goldberg-Hiller enriches understandings of how the law reinforces hierarchies of race and gender and foregrounds the night's potential to enliven a more egalitarian social life **iGovernment** D. Broeders, H. Griffioen, A. -G. Keizer, E. Keymolen, 2011 The authors of this incisive study explore the problems of the ongoing digitization of government such as the creeping loss of data quality and how citizens and officials must respond to these complications in the coming years The iGovernment is running full speed on information networks and digitization but it is also seriously out of step with existing bureaucracies iGovernment offers an accurate picture of how the digital technologies are shaping modern governments and also a powerful corrective for the dissonance between technology and organizational management This book will be a valuable resource for researchers and scholars seeking to understand the possibilities dilemmas and challenges of bringing the Internet and related technologies to center stage in government and public services Helen Margetts University of Oxford **Escape, Escapism, Escapology** John Limon, 2022-07-14 *Escape Escapism Escapology American Novels of the Early Twentieth Century* identifies and explores what has emerged as perhaps the central theme of 21st century American fiction the desire to escape from the commodified present from directionless history from moral death at a time of inescapable globalization The driving question is how to find an alternative to the world within the world at a time when utopian and messianic ideals have lost their power to compel belief John Limon traces the American answer to that question in the writings of some of the most important authors of the last two decades Chabon Diaz Foer Eggers Donoghue Groff Ward Saunders and Whitehead among others and finds that it always involves the faux utopian freedom and pseudo messianic salvation of childhood When contemporary novelists feature actual historical escape pervasively from slavery or Nazism it appears in their novels as escape envy or escape nostalgia as if globalization like slavery or Nazism could be escaped in a direction from this place to another Thus the closing of the world frontier inspires a mirror messianism and utopianism that in US novels can only be rendered as a performative momentary chiasmic relationship between precocious kids and their ludic guardians *The Naked Socialist* Paul B. Skousen, 2014-05-26

The Naked Socialist is the real story of socialism Complete easy to read no jargon well documented and gives a fascinating look at the raw decay of culture and economy now at work in America It also provides a beautifully described explanation of the lasting principles of prosperity and constitutional freedoms that must be restored relatively quickly The Naked Socialist strips away the fakery the false hopes the hollow dreams and the meaningless promises that socialists have foisted on countless millions not just for the present but over thousands of years With clear brief and step by step examples and anecdotes the author explains what socialism is where it came from how it works how to recognize it and why it always destroys its host nation You will learn that the Seven Pillars of Socialism are not at all new but a phenomenon that first appeared more than 6 000 years ago and why socialism managed to mushroom in nations and cultures right up into today s current events The Naked Socialist is divided into five parts 1 Gaining an understanding of what socialism is 2 How it has appeared in human history 3 The miracle that stopped socialism 4 The corruption of that miracle and 5 The steps to return that miracle to America and the rest of the world today Included throughout the book are several questions to teach test and emphasize important points so that students of freedom may see where this nation needs to move to regain its lost liberties The Naked Socialist fulfills an urgent need to answer such questions as How much of the U S Constitution has been replaced with socialism What is socialism and why does it eventually ruin everything it touches How did the Founding Fathers specifically make socialism illegal How did socialism destroy Rome the ancient Inca Jamestown and Plymouth Are these same patterns of demise at work today Which U S presidents socialized America and what steps did they take to do it Are these reversible How is socialism hurting other nations around the globe What are the best examples of socialism in action today What are the Seven Pillars of Socialism How can people learn to recognize socialism in their midst or learn if they re thinking like a socialist What are the 46 goals of socialism What will it take to eradicate socialism once and for all The study of freedom breathes hope and encouragement into all things it sheds light into the dark corners of deception and conspiracy showing that truth is the only authentic transparency Once socialism is stripped naked those badly needed answers to restore freedom will materialize for everyone s benefit Find those answers plus hope and courage in the pages of The Naked Socialist Reviews The Naked Socialist is going to be explosive When people know what Paul Skousen is talking about and really get to the heart of socialism The Naked Socialist is going to go VIRAL George Jarkey Host of the nationally syndicated The George Jarkey Radio Show The Naked Socialist is an amazing book that provides clarity to what is going on in the socialist world and why Americans do not seem to get socialism Howard Stephenson Utah State Senator President of the Utah Taxpayers Association and Host of Red Meat Radio The Naked Socialist is one of those books that is both an interesting read as well as a useful reference book Paul Skousen s research is insightful and thorough spanning many civilizations and continents He not only strips socialism of its clothing he also provides us with great ideas for fighting this scourge This is a MUST READ for anyone who wants to know how our country arrived where it is today Stefan Bartelski Radio Host of the
