

A colorful poster with a light blue sky background featuring a large yellow sun in the top left and white clouds. The title 'SUMMER CAMP Theme Ideas' is centered at the top in a large, bold, dark blue font, with 'Theme Ideas' underlined in yellow. Below the title is a large white rectangular box containing two columns of theme ideas, each preceded by a light blue circular bullet point. The background of the poster also includes stylized green trees at the bottom and small yellow flowers with red centers scattered around.

- Photography week
- Bring out the Drama

Themes For Summer Camp 2013

Lyn English, Tamara Moore

Themes For Summer Camp 2013:

Serious Fun at a Jewish Community Summer Camp Celia E. Rothenberg, 2016-07-01 Unique in the literature on Jewish camping this book provides an in depth study of a community based residential summer camp that serves Jewish children from primarily rural areas Focused on Camp Ben Frankel CBF established in 1950 in southern Illinois this book focuses on how a pluralist Jewish camp constructs meaningful experiences of Jewish family and Judaism for campers and teaches them about Israel Inspired by models of the earliest camps established for Jewish children in urban areas CBF s founders worked to create a camp that would appeal to the rural often isolated Jewish families in its catchment area Although seemingly on the periphery of American Jewish life CBF staff and campers are revealed to be deeply entwined with national developments in Jewish culture and practice and indeed contributors to shaping them This research highlights the importance of campers experiences of traditional elements of the Jewish family an experience increasingly limited to time at camp as well as the overarching importance of song Over the years Judaism becomes constructed as fun welcoming and easy for campers while Israel is presented in ways that are meant to be appropriate for a community camp In the camp s earliest decades Israel was framed by traditional Zionist discourse later as community priorities shifted the cause of Russian Jews was the focus Most recently as Israeli politics have been increasingly viewed as potentially divisive the camp has adopted an Israel lite approach focusing on Israel as the Biblical homeland of the Jewish people and a place home to Jews who are similar to American Jews In sum this study sheds light on how a small rural community camp contributes in significant ways to our understanding of American Jews their Judaism and their Zionism

Furry Fandom Conventions, 1989-2015 Fred Patten, 2017-01-17 Furry fandom an adult social group interested in anthropomorphic animals in art literature and culture has grown since the 1980s to include an estimated 50 000 furries Their largest annual convention drew more than 6 000 attendees in 2015 including 1 000 dressed in fur suits or mascot type animal costumes Conventions typically include awards organizations art literature and movies encompassing a wide range of creative pursuits beyond animal costuming This study of the furry subculture presents a history of the oft misunderstood group and lists all conventions around the world from 1989 through 2015 including organizers guests of honor and donations to charity

Schools and Informal Learning in a Knowledge-Based World Javier Calvo de Mora, Kerry J. Kennedy, 2019-09-19 This book has two purposes To open up the debate on the role of informal education in schooling systems and to suggest the kind of school organizational environment that can best facilitate the recognition of informal learning Successive chapters explore what is often seen as a duality between informal and formal learning This duality is particularly so because education systems expend so much time and effort in certifying formal knowledge often expressed in school subjects reflecting academic disciplines Recognizing the contribution informal learning can make to young people s understanding and development does not negate the importance of valued social knowledge That complements it Students come to school with knowledge learnt from their families peers the community and both traditional

and social media They should not have to unlearn this in order to enter the world of formal learning Rather students different learning worlds should be integrated so that each informs the other In a knowledge based society all learning needs to be valued Some contributors to this book reflect on how new educational systems could be created in a move away from top down authoritarian and bureaucratic management Such open systems are seen to be more welcoming in acknowledging the importance of informal learning Others provide practical examples of how informal learning is currently recognized Some attention is also paid to the evaluation of informal learning A key objective of the work presented here is to stimulate debate about the role of informal learning in knowledge based societies and to stimulate thinking about the kind of reforms needed to create more open and more democratic school learning environments *Special issue on research* Colette

Dufresne-Tassé, Stéphanie Wintzerith ,2016-01-05 CONTENTS SOMMAIRE INDICE Colette Dufresne Tass Introduction Introduction Introducci n Theoretical research Recherche th orique Investigaci n te retica Ricardo Rubiales Garc a Jurado Reflexiones desde la educaci n contempor nea el visitante en el centro de la acci n muse stica Historical research Recherche historique Investigaci n historica Michel Allard La fonction ducative dans l histoire des mus es qu b cois 1824 2015 Nicole Gesch Koning The avant garde of European museum education in Belgium Sofia Trouli Insights into the genealogy of museum education in Greece early compatible views on the importance of museum education expressed at two international meetings in Athens Emprirical research Recherche empirique Investigaci n empirica Fernanda de Lima Souza and Adriana Mortara Almeida The History Museum of the Instituto Butantan visitor s profile and perception Maria Esther A Valente Andr a F Costa and Fl via Requeijo The audience of a science museum and the concept of time Silvia Alderoqui y Mar a Cristina Linares coords Participaci n y representaci n de los visitantes en el Museo de las Escuelas Alexandra Tranta Assimilating the museum experience Dimensions of the education of potential museum educators based on the results of a limited survey among students of Preschool Education Magaly Cabral Does a summer camp favour the relationship with the museum Rosane Maria Rocha de Carvalho Public opinion survey of users of the gardens of the Museu da Rep blica in Rio de Janeiro

Family, Children, and Tourism in China Mimi Li, Xinran Lehto, 2021-12-14 This edited volume explores various issues in family tourism studies and complements the dramatic development of this market segment in China The book concentrates on family and children tourism and through its chapters hopes to enrich the landscape of family tourism in academia The family market in tourism has received increasing attention over past decades Yet academic endeavors in this area remain somewhat lacking in depth and scope In addition to imbalanced contributions from authors of diverse backgrounds the extant literature suffers from insufficient inclusion of children Relevant studies are largely limited to conventional tourism destinations such as beaches and cultural attractions In response to growing academic interest in family tourism this book is a compilation of eight chapters that attempt to push the scope and boundaries of existing research on family tourism The chapters in this book were originally published as a special issue of the Journal of China Tourism Research **Disney**

Channel Tween Programming Christopher E. Bell, 2020-08-28 Much has been written about the Walt Disney Company's productions but the focus has largely been on animation and feature film created by Disney. In this essay collection the attention is turned to The Disney Channel and the programs it presents for a largely tween audience. Since its emergence as a market category in the 1980s the tween demographic has commanded purchasing power and cultural influence and the impressionability and social development of the age group makes it an important range of people to study. Presenting both a groundbreaking view of The Disney Channel's programming by the numbers and a deep focus on many of the best known programs and characters of the 2000s shows like *The Wizards of Waverly Place*, *That's So Raven* and *Hannah Montana* this collection asks the simple questions: What does The Disney Channel Universe look and sound like? Who are the stories about? Who matters on The Disney Channel?

Flexible Authoritarianism Anna Schwenck, 2023-12-19 Flexible Authoritarianism challenges the idea that the transnational rise of authoritarianism is a backlash against economic globalization and neoliberal capitalism. Flexible authoritarianism, a form of government that simultaneously incentivizes a can-do spirit and suppresses dissent, reflects the resonance between authoritarian and neoliberal ideologies in today's comeback of strongman rule. The book conveys the look and feel of flexible authoritarianism in Russia through the eyes of up-and-coming youth. Drawing on field observations, in-depth interviews, and analyses of documents and video clips, Anna Schwenck demonstrates how flexible authoritarianism is stabilized ideologically by the insignia of cool start-up capitalism and by familiar cultural forms such as the summer camp. It critically evaluates how loyalty to the regime, the order underlying political and economic life in a polity, is produced and contested among those young people who seek key positions in politics, business, the public sector, or creative industries.

Early Engineering Learning Lyn English, Tamara Moore, 2018-05-29 This book addresses engineering learning in early childhood, spanning ages 3 to 8 years. It explores why engineering experiences are important in young children's overall development and how engineering is a core component of early STEM learning, including how engineering education links and supports children's existing experiences in science, mathematics, and design, and technology, both before school and in the early school years. Promoting STEM education across the school years is a key goal of many nations, with the realization that building STEM skills required by societies takes time and needs to begin as early as possible. Despite calls from national and international organisations, the inclusion of engineering-based learning within elementary and primary school programs remains limited in many countries. Engineering experiences for young children in the pre-school or early school years has received almost no attention, even though young children can be considered natural engineers. This book addresses this void by exposing what we know about engineering for young learners, including their capabilities for solving engineering-based problems and the few existing programs that are capitalising on their potential.

Youth Cultures in America Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today? This encyclopedia examines the facets of youth cultures and brings them to the forefront. Although issues of youth culture are frequently cited

in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems

Success with STEM Sue Howarth,Linda Scott,2014-11-13 Success with STEM is an essential resource packed with advice and ideas to support and enthuse all those involved in the planning and delivery of STEM in the secondary school It offers guidance on current issues and priority areas to help you make informed judgements about your own practice and argue for further support for your subject in school It explains current initiatives to enhance STEM teaching and offers a wide range of practical activities to support exciting teaching and learning in and beyond the classroom Illustrated with examples of successful projects in real schools this friendly inspiring book explores Innovative teaching ideas to make lessons buzz Activities for successful practical work Sourcing additional funding Finding and making the most of the best resources STEM outside the classroom Setting up and enhancing your own STEM club Getting involved in STEM competitions fairs and festivals Promoting STEM careers and tackling stereotypes Health safety and legal issues Examples of international projects An wide ranging list of project and activity titles Enriched by the authors extensive experience and work with schools Success with STEM is a rich compendium for all those who want to develop outstanding lessons and infuse a life long interest in STEM learning in their students The advice and guidance will be invaluable for all teachers subject leaders trainee teachers and NQTs

Teaching Russian Through STEM Svetlana V. Nuss,Maria Khotimsky,2024-12-30 Teaching Russian Through STEM Contexts Tools and Approaches addresses the growing demand for language courses that respond to the interests of students who are increasingly majoring in the fields of science technology engineering and mathematics This edited collection draws on the expertise of international contributors addressing the challenges of teaching Russian as a morphologically complex language with a focus on vocabulary and syntax specific to STEM contexts Through a variety of case studies readers will access a theoretical foundation and practical examples of how to design and implement content based courses with a focus on STEM The book explores the challenges and opportunities of teaching Russian in the context of STEM providing educators with the tools and knowledge to create engaging and relevant language courses for today s students Teaching Russian Through STEM will be of interest to Russian language instructors curriculum developers and

researchers in the field of Russian language pedagogy It will be particularly valuable for those interested in innovating their language courses and aligning them with the growing demand for STEM education **Creating Caring and Supportive Educational Environments for Meaningful Learning** Daniels, Kisha,Billingsley, Katrina,2018-09-14 This title is an IGI Global Core Reference for 2019 as it is edited by leading education scholars from Duke University and contributed by over 22 leading education scholars from the U S this publication provides the latest research on creating a well rounded education system through blending technical and human aspects of learning With comprehensive coverage on fostering relationships multicultural responsive learning parent engagement and more this book is ideally designed for teachers administrators researchers and academicians **Creating Caring and Supportive Educational Environments for Meaningful Learning** is a collection of innovative research on the practical and theoretical questions involved in organizing traditional and nontraditional areas of study around themes of care and support for students within the framework of current educational systems and standards While highlighting topics including service learning ethics of care and student mental health this book is ideally designed for teachers administrators researchers and academicians seeking current research on the importance and ethics of the human aspects of education *Create, Innovate, and Serve* Kathleen Campana,J. Elizabeth Mills,2019-04-01 Emphasizing an inclusive approach to programming that incorporates research based theories and frameworks this text will be a valuable orientation tool for LIS students as well as a holistic guide for current children and youth services professionals **Intergenerational Space** Robert Vanderbeck,Nancy Worth,2015-06-03 Intergenerational Space offers insight into the transforming relationships between younger and older members of contemporary societies The chapter selection brings together scholars from around the world in order to address pressing questions both about the nature of contemporary generational divisions as well as the complex ways in which members of different generations are and can be involved in each other s lives These questions include how do particular kinds of spaces and spatial arrangements e g cities neighbourhoods institutions leisure sites facilitate and limit intergenerational contact and encounters What processes and spaces influence the intergenerational negotiation and contestation of values beliefs and social memory producing patterns of both continuity and change And if generational separation and segregation are in fact significant social problems across a range of contexts as a significant body of research and commentary attests how can this be ameliorated The chapters in this collection make original contributions to these debates drawing on original research from Belgium China Finland Poland Senegal Singapore Tanzania Uganda the United States and the United Kingdom **Questions of the Soul** S. Thomas Valentine,2015-01-27 The Festival of Young Preachers is a trans denominational one of a kind event designed to showcase and encourage young people who aspire to be preachers of the Gospel Questions of the Soul celebrates the preaching ministry of the millennial generation with its collection of sermons preached during the 2014 Festival **Social Robotics** Adriana Tapus,Elisabeth André,Jean-Claude Martin,François Ferland,Mehdi Ammi,2015-10-27 This book
