This is not common knowledge and must be cited. Since it came from the same source as the previous sentence, the citation FOR BOTH comes at the end of it.

Although there are currently over 2 million people employed in some capacity in the United States Armed forces, additional enlistees are needed. Although all males eighteen years of age and over must register for the draft, active duty has not been compulsory since World War II.

This information is common knowledge, so it does not get cited.

There should be an entry on my Works Cited page that begins with my parenthetical documentation above. With reasonable ease, my teacher should be able to locate both these facts by visiting this site.

*** Note: If I had started with,

According to the website, Military.com, current eligibility requirements...

then there would no citation needed after this sentence.
