They Live Cultographies:

They Live D. Harlan Wilson, 2014-12-16 Born out of the cultural flamboyance and anxiety of the 1980s *They Live* 1988 is a hallmark of John Carpenter's singular canon combining the aesthetics of multiple genres and leveling an attack against the politics of Reaganism and the Cold War The decision to cast the professional wrestler Rowdy Roddy Piper as his protagonist gave Carpenter the additional means to comment on the hypermasculine attitudes and codes indicative of the era This study traces the development of *They Live* from its comic book roots to its legacy as a cult masterpiece while evaluating the film in light of the paranoid postmodern theory that matured in the decidedly Big 80s Directed by a reluctant auteur the film is examined as a complex work of metafiction that calls attention to the nature of cinematic production and reception as well as the dynamics of the cult landscape

Aliens in Popular Culture Michael M. Levy, Farah Mendlesohn, 2019-03-22 An indispensable resource this book provides wide coverage on aliens in fiction and popular culture The wide impact that the imagined alien has had upon Western culture has not been surveyed before in many cases the essays in *Aliens in Popular Culture* are the first written on the topic The book is a compendium of short entries on notable uses of aliens in popular culture across different media and platforms by almost 90 researchers in the field It covers science fiction from the late nineteenth century into the twenty first century including books films television comics games and even advertisements Individual essays point to the ways in which the imagined alien can be seen as a reflection of different fears and tensions within society above all in the Anglo American world The book additionally provides an overview for context and suggestions for further reading All varieties of readers will find it to be a comprehensive reference about the extra terrestrial in popular culture

J. G. Ballard D. Harlan Wilson, 2017-11-10 Prophetic short stories and apocalyptic novels like *The Crystal World* made J G Ballard a foundational figure in the British New Wave Rejecting the science fiction of rockets and aliens he explored an inner space of humanity informed by psychiatry and biology and shaped by surrealism Later in his career Ballard's combustible plots and violent imagery spurred controversy even legal action while his autobiographical 1984 war novel *Empire of the Sun* brought him fame D Harlan Wilson offers the first career spanning analysis of an author who helped steer SF in new if startling directions Here was a writer committed to moral ambiguity one who drowned the world and erected a London high rise doomed to descend into savagery and coolly picked apart the characters trapped within each story Wilson also examines Ballard's methods his influence on cyberpunk and the ways his fiction operates within the sphere of our larger culture and within SF itself

Flaming Creatures Constantine Verevis, 2019-11-26 Banned soon after its first midnight screenings the prints seized and the organizers arrested Jack Smith's incendiary *Flaming Creatures* 1963 quickly became a cause célèbre of the New York underground Championed and defended by Jonas Mekas and Susan Sontag among others the film wildly and gleefully transgresses nearly every norm of Hollywood morality and aesthetics In a surreal and visually dense series of episodes the titular creatures reenact scenes drawn from the collective cinematic unconscious playing on

mainstream film culture's moral code in a way that is at once a love letter to classical Hollywood and a searing send up of its absurdities. Tracing the film's production and reception history, Constantine Verevis argues that it embodies a unique type of cinematic rewriting, one that combines Smith's multifaceted artistic work with exotic fragments drawn from the cinematic past. This study of Smith's magnum opus explores its status as a cult film that appropriates the visual texture, erotic nuance, and overt fabrication of old Hollywood exoticism. Cult Film as a Guide to Life I.Q. Hunter, 2016-09-08. A collection of closely related essays on cult film, cult adaptations, and cultism as a way of life. *Bring Me the Head of Alfredo Garcia* Ian Cooper, 2011. Upon its initial release, *Bring Me the Head of Alfredo Garcia* was a critical commercial disaster. But for many, it is a demented masterpiece, a slice of violent hallucinatory autobiography. This study looks at the making of this most divisive of films, its initial reception, subsequent reassessment. The Routledge Companion to Cult Cinema Ernest Mathijs, Jamie Sexton, 2019-11-22. The Routledge Companion to Cult Cinema offers an overview of the field of cult cinema, films at the margin of popular culture and art that have received exceptional cultural visibility and status, mostly because they break rules, offend, and challenge understandings of achievement; some are so bad they're good, others so good they remain inaccessible. Cult cinema is no longer only comprised of the midnight movie or the extreme genre film. Its range has widened, and the issues it broaches have become battlegrounds in cultural debates that typify the first quarter of the twenty-first century. Sections are introduced with the major theoretical frameworks, philosophical inspirations, and methodologies for studying cult films, with individual chapters excavating the most salient criticism of how the field impacts cultural discourse at large. Case studies include the worst films ever, exploitation films, genre cinema, multiple media formats, cult cinema as expressed through issues of cultural, national, and gender representations, elements of the production culture of cult cinema, and throughout aspects of the aesthetics of cult cinema, its genre style, look, impact, and ability to yank viewers out of their comfort zones. The Routledge Companion to Cult Cinema goes beyond the traditional scope of Anglophone and North American cinema by including case studies of East and South Asia, continental Europe, the Middle East, and Latin America, making it an innovative and important resource for researchers and students alike. **The Pleasure and Pain of Cult Horror Films** Bartłomiej Paszyk, 2009-06-08. The horror genre harbors a number of films too bold or bizarre to succeed with mainstream audiences but offering unique, startling, and often groundbreaking qualities that have won them an enduring following. Beginning with Victor Sjöström's *The Phantom Carriage* in 1921, this book tracks the evolution and influence of underground cult horror over the ensuing decades, closing with William Winckler's *Frankenstein vs the Creature from Blood Cove* in 2005. It discusses the features that define a cult film, trends and recurring symbols, and changing iconography within the genre through insightful analysis of 88 movies. Included are works by popular directors who got their start with cult horror films, including Oliver Stone, David Cronenberg, and Peter Jackson. **Teenage Time** Pamela Thurschwell, 2025-07-24.
