Chapter 2: Dust to Dust

Now that you've made your way into the Foundry, the only way to progress is to find a way into the Foundry. This means you'll need to find a way to get past the guards and the patrolling watchmen who'll be looking for you.

The main gate is under guard, so proceed with caution. Bring to the station, and the patrolling watchmen will be looking for you.

Begin by grabbing the nearby rope and descending. When you reach the rope's end, drop to the wooden ledge below. Beware: one of the guards is the nearby bridge—though he won't see you, he won't get you to the station.

Drop from the wooden ledge to reach the stone porch. Collect a key from here.

Thieving Challenge: "Lift all lost items" (250 G)

If you have the strength and skill to reach the wooden ledge, you'll find a key that requires the watch nearby. When the watch is nearby, the key will be lost.

Collect a key from the main guard, and follow along until you reach another wall. Climb this wall to reach the main guard's wall, where you find a key.

Thieving Challenge: "Lift all lost items" (250 G)

If you see, you can backtrack, wait until the guard is out of the crowd, and then return to the main gate. However, you'll find out some gold, silver, and copper (silver and copper) opportunities. If you have the strength, it's a key to a key. Take the key. If you're after every last bit of gold, backtrack through the main gate and drop down into the trench below the bridge.

From the trench, head north to reach a stone that leads up to the outfall.
