An Infinity of Things, 2009-09-10 An Infinity of Things tells the story of one of the largest private collections ever created and the life of the man behind it Wellcome planned a great museum filled with treasures from all corners of the globe charting the history of human health from prehistory to the present day The breadth of his vision was matched only by the depth of his pockets During the opening decades of the twentieth century he acquired a collection so large that later generations of staff took to describing its contents by the ton But Wellcome's museum was never finished and his collection was still stored in vast warehouses when he died unseen and incomplete Today after decades of work by his successors artefacts from the collection can be seen in museums and libraries throughout the world Demonstrating what can happen when a collector's aspirations are left unconstrained by wealth Frances Larson explores Wellcome's life through his possessions revealing the many tensions in his character between his talents as a businessman and his desire for scholarly recognition his curiosity and his perfectionism and his philanthropic aspirations and his drive for personal glory

The Play's the Thing Ferenc Molnár, Pelham Grenville Wodehouse, 1953 P G Wodehouse's adaptation of Jatek a Kastélyban The Play in the Castle brings Ferenc Molnár's classic comedy to a wider audience The play is a romantic farce without the usual door slamming and comic entrances and exits Instead we are treated to a party of guests seemingly overhearing a lover's tryst only to find with the help of a very quick-witted playwright that they are actually hearing something very different The play combines beautifully formed characters with an exquisite text

The Play's the Thing Sir Pelham Grenville Wodehouse, 1864-01-01 As the curtain rises a distant orchestra is heard playing Leoncavallo's *Mattinata* The stage is almost dark The only light comes through two large French windows at the back Through them we see the moonlit Mediterranean far below the vague outlines of the precipitous coast twinkling lights along quays and esplanades and here and there the faint glow from some lighted window A lighthouse blinks intermittently in the far distance Within the dark room three darker shadows loom against the moonlit windows the lighted ends of three cigarettes prick the blackness There is a long pause It is almost embarrassingly long Just before one wonders if anything is ever going to happen a man's voice breaks the silence THE MAN'S VOICE When you stop talking Sandor for sixty

consecutive seconds there's something wrong One of the shadowy forms is seen to rise and cross to the right wall We hear the click of an electric switch and instantly the stage is flooded with the warm glow of several electric sconces and candelabra lamps The light reveals a room beautifully furnished in Italian Renaissance At the back one shallow step leads up to a raised portion which runs the whole width of the room Behind it are the French windows now closed with a balcony beyond them To the right a short flight of steps leads to a landing and a door to a bedroom suite To the left one step leads up to a door to the hall and the remainder of the castle Occupying the right wall of the lower portion of the room is a great fireplace with a corbelled chimney A long table stands near it At the left is a grand piano Below the piano in the left wall is a door to another bedroom All these doors are closed Above the piano toward the center is a small stand with a telephone on it There are comfortable chairs here and there The ceiling is beamed and carved The whole room reflects wealth and beauty The speaker who has just lighted the room is a large and portly man of middle age His name is Mansky He is in a dinner jacket as are his two companions Sandor Turai seated in the center and Albert Adam near the piano Turai is also middle aged but younger looking and less portly than Mansky A glance shows him to be a man of consequence and dynamic personality He is wearing a monocle Albert Adam is a dreamy handsome boy just over the threshold of manhood The distant orchestra has stopped playing Mansky reseats himself to the right of Turai and speaks again **Boost Your Child's Creativity:**

Rapport, 2016-07-07 In this ground breaking book a theory of distortion of the way in which the processes of human life are subject to interference diversion and transformation is developed by way of the art of one of Britain's greatest twentieth century painters and that art's public reception Devoted to his native village of Cookham on Thames Stanley Spencer painted not only landscapes and portraits with loving detail but also the memory feelings which he felt were a sacred part of his consciousness Yet Spencer was also a controversial public figure with some taking the view that his visionary paintings were ugly distortions of human life even marks of an immoral nature Examining how Spencer lived his vision how he painted it and wrote it and also how his attempts to communicate that vision were received by his contemporaries and have continued to be

interpreted since his death the author posits distortion as key an intrinsic aspect both of human creation and of human interaction What we intend to make to say to do and have done often mutates in the process of being expressed or put into effect we live amid distortion Love the affective appreciation of one another is then a means by which we accommodate distortion and its consequences in our lives An illustration through Stanley Spencer s story of significant aspects of a human condition this book will appeal across disciplines including to art historians and students of Spencer s work as well as to scholars of anthropology with interests in creativity perception and interpretation *Post-Soviet Nostalgia* Otto Boele,Boris Noordenbos,Ksenia Robbe,2019-07-24 Bringing together scholars from Russia the United States and Europe this collection of essays is the first to explore the slippery phenomenon of post Soviet nostalgia by studying it as a discursive practice serving a wide variety of ideological agendas The authors demonstrate how feelings of loss and displacement in post Soviet Russia are turned into effective tools of state building and national mobilization as well as into weapons for local resistance and the assertion of individual autonomy Drawing on novels memoirs documentaries photographs and Soviet commodities Post Soviet Nostalgia is an invaluable resource for historians literary scholars and anthropologists interested in how Russia comes to terms with its Soviet past *Is There Anybody Out There?
