Each of the chapters is written by an expert on a particular figure from Stanislavsky and Brecht to Laban and Decroux and places their work in its social and historical context. Summaries and analyses of their key productions indicate how each practitioner's theoretical approaches to performance and the performer were manifested in practice. All 22 practitioners from the original series are represented with this volume covering those born after 1915. This is the definitive first step for students, scholars and practitioners hoping to acquaint themselves with the leading names in performance or deepen their knowledge of these seminal figures.

Jacques Lecoq and the British Theatre Franc Chamberlain, Ralph Yarrow, 2013-07-04 Jacques Lecoq and the British Theatre brings together the first collection of essays in English to focus on Lecoq's school of mime and physical theatre. For four decades at his school in Paris, Jacques Lecoq trained performers from all over the world and effected a quiet evolution in the theatre. The work of such highly successful Lecoq graduates as Theatre de Complicite, The Winter's Tale with the Royal Shakespeare Company and The Visit, The Street of Crocodiles and The Causcasian Chalk Circle with the Royal National Theatre has brought Lecoq's work to the attention of mainstream critics and audiences in Britain. Yet Complicite is just the tip of the iceberg. The contributors to this volume, most of them engaged in applying Lecoq's work, chart some of the diverse ways in which it has had an impact on our conceptions of mime, physical theatre, actor training, devising, street theatre and interculturalism. This lively even provocative collection of essays focuses academic debate and raises awareness of the impact of Lecoq's work in Britain today.
