Violence against Women and Ethnicity: Commonalities and Differences across Europe

Monika Schrötte, Ravi K. Thiara, Stephanie A. Condon, 2011-10-11 This book draws together both theory and practice on minority migrant women and gendered violence The interplay of gender ethnicity religion class generation and sexuality in shaping the lives experiences and choices of minority migrant women affected by violence has not always been adequately theorised within much of the existing writing on violence against women Feminist theory especially the insights provided by the concept of intersectionality are central to the editors conceptual frameworks *Deconstruction and the Possibility of Justice* Drucilla Cornell, Michel Rosenfeld, David Gray Carlson, 2016-05-13 The purpose of this volume is to rethink the questions posed by Derrida's writings and his unique philosophical positioning without reference to the catch phrases that have supposedly summed up deconstruction Droit humanitaire et droits de l'homme A. aspects juridiques du terrorisme international, 1989-03-21 **Beyond the Problem of Evil** Nathan R. B.

Loewen, 2018-03-12 Beyond the Problem of Evil tackles the reinventing the philosophy of religion by way of a topic familiar to anyone who has encountered the field By considering how the problem of evil is historically structured by commitments to theism alongside the recent calls for cross cultural relevance in the field the book offers an argument whereby philosophers of religion may globalize the scope of their work Drawing on the work of Jacques Derrida and critical theorists of religion the topic is reframed as an investigation of how social actors perceive necessities and grapple with accidents that disrupt them In this way the usual commitments to categories structured by theism no longer prevent cross cultural studies of evil and the stage is set for rethinking the field **Femmes twas et droits des Twas dans la région africaine des Grands Lacs**

Dorothy Jackson, 2003-11-10 Les Twas en tant que peuple autochtone de la région africaine des Grands Lacs sont différents par de nombreux autres groupes ethniques Si les Twas dans leur ensemble souffrent de discrimination de marginalisation et de

extrême pauvreté combien plus les femmes twas en souffrent-elles ? Cette situation a été certainement exacerbée par le violent conflit qui a secoué la région. Dorothy Jackson possède de nombreuses années d'expérience et de travail avec les communautés twas de la région et des femmes twas en particulier. On devine clairement les voix des femmes twas dans ce rapport qui plaident pour des changements et la reconnaissance de leurs droits en tant qu'autochtones et en tant que femmes. Malgré la discrimination et la pauvreté qui sont leur lot quotidien, elles sont pleines d'énergie, d'idées et de courage, ce que ce rapport suffit à montrer. La question foncière est aujourd'hui de premier ordre pour les femmes, comme pour les communautés twas. Les Twas étaient traditionnellement dépendants des forêts et des territoires sur lesquelles ils vivaient. Or aujourd'hui, la plupart des Twas sont sans terre. Leur culture et leur existence même sont en danger. Qui plus est, les changements profonds qui affectent aujourd'hui leurs sociétés sont en train de remettre en question le statut traditionnel d'égalité entre hommes et femmes. Ce rapport présente les politiques gouvernementales et les instruments juridiques internationaux relatifs aux droits humains que les Twas et les organisations qui les soutiennent pourraient utiliser au Burundi, en Ouganda, en République démocratique du Congo et au Rwanda. En guise de conclusion, le rapport offre des recommandations aux gouvernements de ces États et aux organisations de développement.

Vers la cohabitation Judith Butler, 2013-10-02. Dans cet ouvrage, Judith Butler s'interroge sur la possibilité d'articuler les expériences juives de la diaspora et du déplacement et les expériences palestiniennes de la dépossession pour fonder une nouvelle éthique de la cohabitation dans la région et renouer avec la solution politique d'un état binational. La cohabitation non voulue est une condition de notre vie politique et non quelque chose que nous pouvons mettre mal à nul n'est en droit de choisir avec qui cohabiter sur cette terre. Judith Butler puise dans la philosophie juive de quoi laborer une critique du sionisme politique, de la violence d'état, du nationalisme et du colonialisme de l'état d'Israël. Pour elle, il est important de mettre en question la prétention d'Israël de représenter les Juifs. Elle

engage ainsi la discussion avec des auteurs comme Hannah Arendt Emmanuel Levinas Primo Levi Martin Buber Walter Benjamin mais aussi Edward Said ou Mahmoud Darwich Selon Judith Butler l'éthique de la justice exige une critique du sionisme et ouvre la possibilité de réaliser un idéal politique de cohabitation au sein d'une démocratie radicale La famille dans l'ordre juridique de l'Union européenne / Family within the Legal Order of the European Union Elsa Bernard, Marie Cresp, Marion Ho-Dac, 2020-12-31 Le droit de la famille dans sa dimension civiliste fortement ancrée dans les cultures nationales des États membres est une matière qui ne relève pas en principe du droit de l'Union européenne Pourtant il n'est plus possible d'affirmer que la matière échappe dans son entier au droit de l'Union De nombreux aspects de la famille sont sous influence européenne au point que l'on voit se dessiner les contours d'une famille européenne L'ouvrage propose de mettre en lumière l'acquis européen en matière de droit de la famille au prisme du droit matériel citoyennet européen politique sociale de l'Union fonction publique européenne comme du droit international privé Le droit de la famille de l'Union s'identifie alors comme un droit spécial complétant la diversité des droits nationaux de la famille Sa signification théorique et politique dans l'Union est débattue par les auteurs autant que son devenir Loin de demeurer fragmentaire c'est des droits nationaux des États membres il a probablement vocation à se densifier pour offrir aux citoyens et résidents européens un droit commun de la famille au sein de l'Union Family law with its civil law tradition and strong roots in the national cultures of the Member States does not normally fall within the scope of European law However it is no longer possible to argue that family law is outside European law entirely There are many aspects of the family which are subject to European influence to the point that the outlines of a European family are starting to emerge This book is intended to highlight the European experience of family law and its substantive i.e European citizenship EU social policy EU civil service and private international law aspects Union law therefore contains a form of special family law which is shared between the Member States and supplements their national family laws Its theoretical and political importance in the Union as well as its future are discussed by the authors Far from remaining fragmented alongside the national laws of Member States it will likely develop to offer European citizens and residents a common family law within the EU **Santé sexuelle et reproductive des personnes LGBT** Philippe Faucher, Danielle Hassoun, Thelma Linet, 2023-01-03 Dans le domaine de la gynécologie obstétrique et plus globalement de la santé sexuelle les professionnels se sont amenés de plus en plus à prendre en charge des femmes lesbiennes des hommes et femmes transgenres et des hommes gays Les médecins et les sages-femmes sont souvent désarmés face à ces populations et ne possèdent pas les connaissances nécessaires pour donner le meilleur accueil et les soins les mieux adaptés aux patientes Cet ouvrage réunit des spécialistes expérimentés concernant la santé sexuelle et reproductive des personnes LGBT Il aborde entre autres l'accueil d'une personne LGBT en consultation le suivi gynécologique le dépistage et la prévention des infections sexuellement transmissibles le bien-être sexuel la contraception et l'avortement la prise en charge endocrinologique et chirurgicale d'une personne trans le désir d'enfant le suivi d'une grossesse Il a pour objectif de réunir

toutes les connaissances nécessaires pour une bonne prise en charge de ces patientes et apporte par son contenu pluridisciplinaire médecine psychologie sexologie sociologie et démographie un éclairage sur la diversité et les mobilités de genre et de sexualité. Cet ouvrage s'adresse tous les professionnels de santé qui rencontrent ces populations et en particulier aux gynécologues médicaux et gynécologues obstétriciens ainsi qu'aux endocrinologues médecins généralistes et sages-femmes voire aux personnes concernées.
