book represents a real milestone for low vision care because it is one of the first low vision books in the world and the first from the UK that doesn't just give lip service to multi-disciplinary collaboration; it has a multi-disciplinary authorship. Barbara Ryan, Research Associate, School of Optometry and Vision Sciences, Cardiff University, Cardiff, UK. *Low Vision Manual* is a comprehensive guide and up-to-date reference source written by clinical and research experts in the fields of disease detection and management, primary and secondary optometric care, low vision optics and prescribing, counselling and rehabilitation. All these areas are explored in this book in four key sections: Section One: Definition of low vision and its epidemiology; Section Two: The measurement of visual function of the visually impaired; Section Three: The optics and practical tips on prescribing low vision aids; Section Four: Rehabilitation strategies and techniques. This is an important reference tool for all professionals involved with the visually impaired. The book covers everything a practitioner will need on a day-to-day basis. Clear layout with practical tips, worked examples and practical pearls will enable the front-line eye care professional to provide patients with sound research-based clinical care and rehabilitation. An essential reference for Ophthalmology, Optometry, Orthoptics, Ophthalmic nursing, Visual rehabilitation, Occupational therapy, Social work, Peer work, Psychology, Dispensing opticians.

Vision of The Future - How Science Will Shape The World By The Year of 2030-2050? Hiro Hoshi, What would be the future in 2030-2050? What the future will hold for us when it comes to the newest inventions in Physics, Computing and Science. In the last 20 years, computers really changed the way we live our lives. Now it is time to look into the future and predict what's coming based on what science knows. Let's get into the journey of what might be considered as science fiction today but really a step closer to a new and better future, the reality of tomorrow. Grab your copy now. **A**

Vision for the U.S. Forest Service Roger A. Sedjo, 2015-09-25. Originally published in 2000, this title is a collection of engaging, nontechnical contributions of scholars, policymakers and forestry officials providing broad reflections on the agency's past and future, contemporary perspectives about the use and stewardship of public lands and insightful analyses about the science involved in the practice of scientific management. The authors offer challenging ideas for evaluating the performance of the U.S. Forest Service, reshaping its mission, enhancing its effectiveness, improving internal morale and increasing public participation in the agency. It is a valuable resource for policymakers, professional foresters and any student interested in Environmental Studies.

Leading with Vision and Heart: A Memoir Leonard H. Roberts, 2023-08-26. *Leading with Vision and Heart* is inherently a story of success, but it is also a story of the importance of family and friends, including legendary baseball player Hank Aaron. Len Roberts' memoir shares the joys of fatherhood but also the heartache when his first-born daughter was struck by a drunk driver. And it recounts a love story over half a century in the making between Len and his wife Laurie. From a passion for travel to a family love of animals and from C-suite boardrooms to the family lake house, Len has led a life that leaders of all backgrounds can learn from. In this book, he shares the memories, insights and leadership principles that he has developed over a lifetime of integrity and accomplishment while acknowledging and honoring the loved
