Historical Perspective

- Began during WW I in France

Why Such A Demand Today?

- Reduction in number of primary care providers
 - Study showed reduction in primary care workload by 20% - 50% with the hiring of a triage nurse
- Cell phones
- Cost of healthcare

Telephone Triage

- Triage means "sorting out"
- It involves ranking patient complaints in terms of urgency, in order to book those appointments that are necessary
 - It also involves deciding when the appointment should occur
