The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a
systematic and logical way to organize and present the state of research for students and professionals American citizens
need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we
live work and lead With continually evolving information on diversity policies practices and programs it is important to have
one place where students scholars teachers and policymakers can examine and explore research policy and practice issues
and find answers to important questions about how diversity in U S education enriched with theories research and practices
in other nations are explained and communicated and how they affect institutional change at both the K 12 and
postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of
Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and
best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of
the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world
including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume
will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this
Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and
the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference
