Ecopiety Sarah McFarland

Taylor, 2019-11-12 Tackles a human problem we all share the fate of the earth and our role in its future Confident that your personal good deeds of environmental virtue will save the earth The stories we encounter about the environment in popular culture too often promote an imagined moral economy assuring us that tiny acts of voluntary personal piety such as recycling a coffee cup or purchasing green consumer items can offset our destructive habits No need to make any fundamental structural changes The trick is simply for the consumer to buy the right things and shop our way to a greener future It s time for a reality check Ecopiety offers an absorbing examination of the intersections of environmental sensibilities contemporary expressions of piety and devotion and American popular culture Ranging from portrayals of environmental sin and virtue such as the eco pious depiction of Christian Grey in Fifty Shades of Grey to the green capitalism found in the world of mobile device carbon sin tracking software applications to the socially conscious vegetarian vampires in True Blood the volume

illuminates the work pop culture performs as both a mirror and an engine for the greening of American spiritual and ethical commitments Taylor makes the case that it is not through a framework of grim duty or obligation but through one of play and delight that we may move environmental ideals into substantive action

JavaScript Frameworks for Modern Web Dev Tim Ambler, Nicholas Cloud, 2015-10-13 JavaScript Frameworks for Modern Web Dev is your guide to the wild vast and untamed frontier that is JavaScript development The JavaScript tooling landscape has grown and matured drastically in the past several years This book will serve as an introduction to both new and well established libraries frameworks and utilities that have gained popular traction and support from seasoned developers It covers tools applicable to the entire development stack both client and server side While no single book can possibly cover every JavaScript library of value JavaScript Frameworks for Modern Web Dev focuses on incredibly useful libraries and frameworks that production software uses You will be treated to detailed analyses and sample code for tools that manage dependencies structure code in a modular fashion automate repetitive build tasks create specialized servers structure client side applications facilitate horizontal scaling and interacting with disparate data stores The libraries and frameworks covered include Bower Grunt Yeoman PM2 RequireJS Browserify Knockout AngularJS Kraken Mach Mongoose Knex Bookshelf Faye Q Async js Underscore and Lodash Written from first hand experience you will benefit from the glorious victories and innumerable failures of two experienced professionals gain quick insight into hurdles that aren't always explicitly mentioned in API documentation or Readmes and quickly learn how to use JavaScript frameworks and libraries like a Pro Enrich your development skills with JavaScript Frameworks for Modern Web Dev today

Business Ethics Denis Collins, Patricia Kanashiro, 2022-01-21 Business Ethics teaches students how to create organizations of high integrity and superior performance The authors walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring training making ethical decisions and fostering trust

Focus On: 100 Most Popular Station Wagons Wikipedia contributors, **Focus On: 100 Most Popular Sedans** Wikipedia contributors, **Deviant Behavior** Erich Goode, 2016-06-10 Deviant Behavior provides a comprehensive study of the behavior beliefs conditions and reactions to deviance giving students a better understanding of this phenomenon Deviance is discussed from the sociological perspectives of positivism and constructionism Readers will grasp the reason behind deviant behavior through the positivist perspective and why certain actions beliefs and physical characteristics are condemned through the constructionist perspective New to this edition Two chapters on crime make clearer distinctions between criminalization of behavior vs criminal behavior itself More discussion of the relativity of deviance including how murder is socially and legally constructed Expands the notion that conspiracy theory is a form of cognitive deviance New discussion furthers the difference between labeling theory and constructionism New Section on environmental pollution with reference to green criminology New section added on Deviance and Harm Newsworthy new features include A Formerly Homeless Man Speaks Out Victimization and Abuse Mass Incarceration Stop

and Frisk Missing Black Men with implications for families and demography Arrest Incarceration Gap Disparities in Sentencing The End of the Crime Decline The Brother of a Murder Victim Speaks Out A Tattoo Collector Gets Inked Faculty Student Sex Reflections on Studying BDSM Corporate Fraud Across the Globe Larry Li,Adela McMurray,2022-08-20

Based on theoretical foundations and evidence based case studies this book identifies the fundamental motivations underpinning corporate fraud in both developing and developed countries The book offers practical solutions in terms of monitoring and potentially preventing future corporate fraud activity It is expected that uncovered corporate fraud negatively affects the public reputation and financial performance of fraudulent firms However what is of more importance for fraudulent firms is how to regain the trust of customers investors and other stakeholders as this impacts the long term sustainability of businesses Operational strategies including reform provide an effective channel for a fraudulent firm s business sustainability yet this notion remains unexplored in the literature This authored research book argues that the choice of appropriate operational strategies is critical as they serve as an effective channel for fraudulent firms to re gain the trust from customers and markets re establish their reputation and enhance the firm s long term value The authors posit that there is no one size fits all approach because the choice of effective operational strategies is needed to acknowledge the significance of context such as industry type economic conditions legal frameworks as well as the firm s fraudulent characteristics *Focus On: 100 Most Popular Compact Cars* Wikipedia contributors, **Communicating in Extreme**

Crises Elina R. Tachkova,W. Timothy Coombs,2022-03-16 This book is an evidence based approach to handling common extreme crises Extreme crises involve strong moral outrage moral outrage creates situations where traditional crisis communication advice no longer is effective These extreme crises create unique demands for crisis managers Moreover much of the traditional advice and crisis key performance indicators KPIs no longer apply Validated through research the book establishes the nature of extreme crises the optimal crisis response for such crises and the KPIs outcomes crisis managers need to measure for extreme crises It serves as a guide for how to communicate effectively during extreme crises and provides advice based upon experimental research that validates the effectiveness of the crisis communication interventions Readers do not require prior knowledge about crisis communication and crisis management as the book contains summaries of crisis communication and management before exploring the more specialized topic of extreme crises Chapters include extended case studies examining communication within such events as the Westpac money laundering VW emissions and COVID 19 crises Communications in Extreme Crises will be of direct interest to scholars of crisis communication in public relations corporate communication strategic communication organizational communication programs and management **Understanding Business Ethics** Peter A. Stanwick,Sarah D. Stanwick,2024-05-30

Understanding Business Ethics delves into the pivotal world of business ethics illuminating the complexities of ethical behavior in the global business landscape The updated Fourth Edition intricately weaves together global perspective real

world business cases and a recurrent theme preparing students and professionals for ethical decision making situations in their respective careers

Leadership Thomas A. Cole, 2019-11-20 Corporate governance for public companies in the United States today is a fragile balance between shareholders board members and CEOs Shareholders who are focused on profits put pressure on boards who are accountable for operations and profitability Boards in turn pressure CEOs who must answer to the board while building their own larger vision and strategy for the future of the company In order for this structure to be successful in the long term it is imperative that boards and CEOs come to understand each other s roles and how best to work together Drawing on four decades of experience advising boards and CEOs on how to do just that Thomas A Cole offers in CEO Leadership a straightforward and accessible guide to navigating corporate governance today He explores the recurring question of whose benefit a corporation should be governed for along with related matters of corporate social responsibility and he explains the role of laws market forces and politics and their influence on the governance of public companies For corporate directors he provides a comprehensive examination of the roles responsibilities and accountability the role entails while also offering guidance on how to be as effective as possible in addressing both routine corporate matters and special situations such as mergers and acquisitions succession and corporate crises In addition he offers practical suggestions for CEOs on leadership and their interactions with boards and shareholders Cole also mounts a compelling case that a corporate culture that celebrates diversity and inclusion and has zero tolerance for sexual misconduct is critical to long term business success Filled with vignettes from Cole s many years of experience in the board room and C suite CEO Leadership is an invaluable resource for current and prospective directors CEOs and other senior officers of public companies as well as the next generation of corporate leaders and their business and financial advisors [Pitfalls of Corporate Leadership](#) Francis J. Clauss, 2023-03-30 Our nation is still reeling from the 346 fatalities suffered on two flights of the Boeing 737 MAX 8 planes the first in May 2017 and the second in March 2019 These are just one of the series of costly and deadly consequences of defective products described in this book Besides the Boeing 737 planes the examples of bad products include automobiles

electrical energy networks pipelines bridges and other large structures banks drinkable water and financial services While the immediate or proximate causes of the disasters have been bad design or bad production the root or underlying causes have been bad corporate management and business cultures caused by corporate leaders The final five chapters provide short essays on product design production quality control management and culture and what the leaders of our private companies and government agencies might do to reduce the pitfalls that have led to so many defective products and their dire consequences

Balancing Green Yossi Sheffi, 2018-03-30 An expert on business strategy offers a pragmatic take on how businesses of all sizes balance the competing demands of profitability and employment with sustainability The demands and stresses on companies only grow as executives face a multitude of competing business goals Their stakeholders are interested in corporate profits jobs business growth and environmental sustainability In this book business strategy expert Yossi Sheffi offers a pragmatic take on how businesses of all sizes from Coca Cola and Siemens to Dr Bronner's Magical Soaps and Patagonia navigate these competing goals Drawing on extensive interviews with more than 250 executives Sheffi examines the challenges solutions and implications of balancing traditional business goals with sustainability Sheffi author of the widely read *The Resilient Enterprise* argues that business executives' personal opinions on environmental sustainability are irrelevant The business merits of environmental sustainability are based on the fact that even the most ardent climate change skeptics in the C suite face natural resource costs public relations problems regulatory burdens and a green consumer segment Sheffi presents three basic business rationales for corporate sustainability efforts cutting costs reducing risk and achieving growth For companies sustainability is not a simple case of profits versus planet but is instead a more subtle issue of some people versus other people those looking for jobs and inexpensive goods versus others who seek a pristine environment This book aims to help companies satisfy these conflicting motivations for both economic growth and environmental sustainability
