## **Up In The Air Walter Kirn:**

**Up in the Air** Walter Kirn, 2002-09-24 Ryan Bingham's job as a Career Transition Counselor he fires people has kept him airborne for years Although he has come to despise his line of work he has come to love the culture of what he calls Airworld finding contentment within pressurized cabins anonymous hotel rooms and a wardrobe of wrinkle free slacks With a letter of resignation sitting on his boss's desk and the hope of a job with a mysterious consulting firm Ryan Bingham is agonizingly close to his ultimate goal his Holy Grail one million frequent flier miles But before he achieves this long desired freedom conditions begin to deteriorate With perception wit and wisdom *Up in the Air* combines brilliant social observation with an acute sense of the psychic costs of our rootless existence and confirms Walter Kirn as one of the most savvy chroniclers of American life

**Existential America** George Cotkin, 2003-01-24 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus

**Beyond Homelessness** Steven Bouma-Prediger, Brain J. Walsh, 2008-06-03 This book is a brilliant use of metaphor that makes clear why the world leaves us feeling so uneasy

**SPIN**, 2009-12 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today's most innovative sounds Whether covering what's new or what's next SPIN is your monthly VIP pass to all that rocks

**Reconsidering a Century of Flight** Roger D. Launius, Janet R. Daly Bednarek, 2015-12-01 On December 17 1903 Orville and Wilbur Wright soared into history during a twelve second flight on a secluded North Carolina beach Commemorating the 100th anniversary of the first flight these essays chart the central role that aviation played in twentieth century history and capture the spirit of innovation and adventure that has characterized the history of flight The contributors all leading aerospace historians consider four broad themes relating to the development of flight technology innovation and the technology of flight civil aeronautics and government policy aerial warfare and aviation in the American imagination Through their attention to the political economic military and cultural history of flight the authors establish that the Wrights' invention and all that followed in both air and space was one of the most significant technologies of the twentieth century fundamentally reshaping our world Supported by the First Flight Centennial Commission The contributors are Janet R. Daly Bednarek Tami Davis Biddle Roger E. Bilstein Hans Joachim Braun David T. Courtwright Anne Collins Goodyear Roger D. Launius William M. Leary David D. Lee W. David Lewis John H. Morrow Dominick A. Pisano and A. Timothy Warnock

**Landscape and the Ideology of Nature in Exurbia** K. Valentine Cadieux, Laura Taylor, 2013-05-07 This book explores the role of the ideology of nature in producing urban and exurban sprawl It examines the ironies of residential development on the metropolitan fringe where the search for nature brings residents deeper into the world from which they are imagining their escape of Federal Express technologically mediated communications global supply chains and the anonymity of the global marketplace and where many of the central features of exurbia very low density residential land use monster homes and conversion of forested or rural land for housing contribute to the very problems that the social and environmental aesthetic of exurbia attempts to avoid The volume shows how this contradiction to live in the green landscape and to protect the green landscape from urbanization gets caught up and represented in the ideology of nature and how this ideology in turn constitutes and is constituted by the landscapes being urbanized

**The Textual Life of Airports** Christopher Schaberg, 2012-02-02 From the earliest airfields to the post 9 11 turn this book investigates how airports figure in the American cultural imagination

**Work in Cinema** E. Kerr, 2013-12-18 Cinema frequently depicts various types of work but this representation is never straightforward It depends on and reflects many factors especially the place and time the film is made and the type of audience it addresses Here the contributors employ transnational and transhistorical perspectives to compare filmic depictions of work

**Carousel Court** Joe McGinniss, 2017-07-18 Nick and Phoebe Maguire a Southern California couple seeking a new start after a devastating loss find themselves confronted by the economic recession and the consequences of a desperate plan to reclaim their middle class status

**Airportness** Christopher Schaberg, 2017-09-21 Explores the surprising connections between the common experience of air travel and how we think about nature

**"Greed Is Good" and Other Fables** Tony Osborne, 2012-04-13 This book spans three centuries of popular entertainment and everyday culture showcasing both mainstream and submerged channels and voices to examine how once reviled business values gained supremacy and poisoned the American spirit The office in popular culture is often depicted as a topsy turvy parallel universe where psychological disorders are legitimized as managerial styles and comically depraved bosses torment those who do the actual work During the 1950s the Beats chose denim and the open road over gray flannel suits and office jobs but today their grandchildren Generation Y aggressively covet desk jobs Greed Is Good and Other Fables Office Life in Popular Culture examines how office life is both extolled and lampooned in popular culture The book tracks how business values ascended to cultural dominance in the United States today revealing our incessant struggle between financial and spiritual goals in the pursuit of freedom and the fulfillment of the American dream By drawing upon sources as varied as books newspapers magazines television shows movies blogs message boards documentaries public speeches corporate training films and employee newsletters the author provides compelling insights into the range of competing values and ideals interwoven throughout office life

**Raising Elijah** Sandra Steingraber, 2011-03-29 Nothing could be more important than the health of our children and no one is better suited to examine the threats against it than Sandra Steingraber Once called a

poet with a knife she blends precise science with lyrical memoir In *Living Downstream* she spoke as a biologist and cancer survivor in *Having Faith* she spoke as an ecologist and expectant mother viewing her own body as a habitat Now she speaks as the scientist mother of two young children enjoying and celebrating their lives while searching for ways to protect them and all children from the toxic climate threatened world they inhabit Each chapter of this engaging and unique book focuses on one inevitable ingredient of childhood everything from pizza to laundry to homework to the Big Talk and explores the underlying social political and ecological forces behind it Through these everyday moments Steingraber demonstrates how closely the private intimate world of parenting connects to the public world of policy making and how the ongoing environmental crisis is fundamentally a crisis of family life      *Climate Change and Society* John Urry,2011-06-20 This is the first book to develop a proper sociology of climate change and will be an excellent companion to Tony Giddens *The Politics of Climate Change*      *After Broadcast News* Bruce A. Williams,Michael X. Delli Carpini,2011-09-26 The new media environment has challenged the role of professional journalists as the primary source of politically relevant information *After Broadcast News* puts this challenge into historical context arguing that it is the latest of several critical moments driven by economic political cultural and technological changes in which the relationship among citizens political elites and the media has been contested Out of these past moments distinct media regimes eventually emerged each with its own seemingly natural rules and norms and each the result of political struggle with clear winners and losers The media regime in place for the latter half of the twentieth century has been dismantled but a new regime has yet to emerge Assuring this regime is a democratic one requires serious consideration of what was most beneficial and most problematic about past regimes and what is potentially most beneficial and most problematic about today s new information environment      *Fragmented Lives* William L. Sachs,Michael S. Bos,2016-08-01 How one can trust amidst uncertainty fear and anger *Fragmented Lives* describes the meaning of faith for people the Church has shown little facility for attracting but whom it would like to reach people who have entered church doors occasionally but who have little depth of commitment It is a book for persons exploring the basis of faith as well as for church leaders looking to understand how their programs and message can align with faith journeys today While examining the growing emphasis on spirituality for those wanting spirituality without structures it argues that spirituality has become so elastic in its meaning that it is lacking the definition and direction people seek in finding answers to their questions The authors use personal stories to animate the discussion of how faith must be construed as something other than belief or assent They provide a road map for discovering the journey of living into a faith tradition together Through this journey the meaning of faith is illumined and the Church is revealed to be the community of faith that fulfills the needs and intentions of those seeking to live a more authentic life beyond the fragmentation they experience in this age of uncertainty      *Moon Montana: With Yellowstone National Park* Carter G. **Make Your Story a Movie** John Robert Marlow, 2012-12-11 50 Billion of Advice in One Book Have you ever wondered why some books and stories are adapted into movies and others aren't Or wished you could sit down and pick the brains of the people whose stories have been adapted or

the screenwriters producers and directors who adapted them Author John Robert Marlow has done it for you He spoke to book authors playwrights comic book creators and publishers as well as Hollywood screenwriters producers and directors responsible for adapting fictional and true stories into Emmy winning TV shows Oscar winning films billion dollar megahits and smaller independents Then he talked to the entertainment attorneys who made the deals He came away with a unique understanding of adaptations an understanding he shares in this book which stories make good source material and why what Hollywood wants and doesn't what you can and can't get in a movie deal how to write and pitch your story to maximize the chances of a Hollywood adaptation and how much and when you can expect to be paid This book contains the distilled experience of creators storytellers and others whose works have earned over 50 billion worldwide Whether you're looking to sell film rights adapt your own story alone or with help or option and adapt someone else's property this book is for you

*I Think You're Totally Wrong* David Shields, Caleb Powell, 2015-09-01 Caleb Powell always wanted to become an artist but he overcommitted to life his former professor David Shields always wanted to become a human being but he overcommitted to art The stay at home dad three young girls and the workaholic writer eighteen books head to the woods to spend four days together in a cabin arguing life vs art *I Think You're Totally Wrong* is an impassioned funny probing fiercely inconclusive nearly to the death debate Shields and Powell talk about everything marriage family sports sex happiness drugs death betrayal and of course writers and writing in the name of exploring and debating their central question the lived life versus the examined life There are no teachers or students here no interviewers or interviewees no masters of the universe only a chasm of uncertainty in a dialogue that remains dazzlingly provocative and entertaining from start to finish James Franco's film adaptation of *I Think You're Totally Wrong* starring the authors premiered in 2015
