Listening Ear Trainer - User's Manual F. Rudin, ***The OpenVMS User's Guide*** Patrick Holmay, 1998-09-03. Completely updated and revised. *The OpenVMS User's Guide* continues to be the prime resource for new and non-technical users on how to use OpenVMS and customize it to their working environment. For more proficient users, the book serves as a quick look-up reference. The book begins with an introduction to the OpenVMS operating system and its built-in functions, and then provides a thorough explanation of OpenVMS files and directories, use of DCL, and how to edit files using EVE and EDT. It also discusses how to create command procedures and the Mail and Phone utilities. New to this edition are additional insights into application development and sending e-mail to remote nodes via the Internet, remote logins, and file transfers. Each chapter is liberally sprinkled with learning aids, including summaries and tables of commands, exercises, and review quizzes. Completely covers the OpenVMS operating system from logging in to creating command procedures, with thorough discussions of files and directories. Covers both EVE and EDT editors in detail. Shows how to customize your working environment.
