

TIDEBORN ORIGIN

A lineage tethered to the deepest of depths, you trace your powers back to the heartbeat of the ocean. Perhaps your ancestor was born below the waves and ascended in search of the world above, or perhaps they were the survivor of a shipwreck, having struck a bargain with one of the great beasts below the disappearing light. Perhaps even you, yourself, were born amidst the aftermath of a devastating tsunami, your feet treading water long before they touched the ground.

FOLLOW THE TIDE

Starting at 1st level, you are inherently attuned to the nature of any flowing body of water. While in the water, you can identify the direction and strength of any tides or currents within a 120 foot radius. Additionally, you gain a swimming speed equal to your walking speed and can breathe underwater.

EBB AND FLOW

Starting at 1st level, your body moves in time with the rhythm of the tides, allowing you to imbue your magic with powerful momentum. Whenever you cast a spell with a range other than self, you gain advantage on your next attack roll made in the opposite direction. If that attack hits, you can choose to knock any large or smaller creature up to 10 feet away from you. This distance increases by 5 feet at your 6th and 11th level in this class.

CASCADING TORRENT

Starting at 6th level, your attunement with the tide improves and your command over its unrelenting force increases. Whenever you displace a creature against its will, that creature takes 1d8 cold damage for every 10 feet it is moved (up to a maximum of 3d8), as a torrent of water bombards it along its trajectory.

Additionally, whenever you displace a creature against its will, you can spend 1 sorcery point to do so in any direction of your choosing.

RIPTIDE CORE

Starting at 14th level, you can temporarily channel your own tidal force. As an action, you create a swirling mass of water that violently circles around you in a 30 foot radius for 1 minute. This area is considered difficult terrain. Any creature that starts its turn in the area must succeed on a strength saving throw, on a failure you can force the tides to carry them up to 30 feet in any direction within the area of effect.

This effect last for 1 minute, and cannot be used again until you complete a long rest.

KING OF THE TIDE

At 18th level, you exist in pure harmony with your aquatic heritage. The tides will answer your call no matter where you may be. You can cast Control Water at will and whenever you do so you can create a 100 by 100 feet square of water with which to manipulate the spell. This water disappears when the spell ends.
