Tejano Legacy Rancheros And Settlers In South Texas 1734 1900:

Tejano Legacy Armando C. Alonzo,1998 A revisionist account of the Tejano experience in south Texas from its Spanish colonial roots to 1900 *A Continuous State of War* Maria Angela Diaz,2024-04-15 **The Mexican American**

Experience in Texas Martha Menchaca,2022-01-11 A historical overview of Mexican Americans social and economic experiences in Texas For hundreds of years Mexican Americans in Texas have fought against political oppression and exclusion in courtrooms in schools at the ballot box and beyond Through a detailed exploration of this long battle for equality this book illuminates critical moments of both struggle and triumph in the Mexican American experience Martha Menchaca begins with the Spanish settlement of Texas exploring how Mexican Americans racial heritage limited their incorporation into society after the territory s annexation She then illustrates their political struggles in the nineteenth century as they tried to assert their legal rights of citizenship and retain possession of their land and goes on to explore their fight in the twentieth century against educational segregation jury exclusion and housing covenants It was only in 1967 she shows that the collective pressure placed on the state government by Mexican American and African American activists led to the beginning of desegregation Menchaca concludes with a look at the crucial roles that Mexican Americans have played in national politics education philanthropy and culture while acknowledging the important work remaining to be done in the struggle for equality **Almost All Aliens** Paul Spickard,2009-05-07 Almost All Aliens offers a unique reinterpretation of immigration in the history of the United States Leaving behind the traditional melting pot model of immigrant assimilation Paul Spickard puts forward a fresh and provocative reconceptualization that embraces the multicultural reality of immigration that has always existed in the United States His astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion Examining not only the lives of those who crossed the Atlantic but also those who crossed the Pacific the Caribbean and the North American Borderlands Almost All Aliens provides a distinct inclusive analysis of immigration and identity in the United States from 1600 until the present For additional information and classroom resources please visit the Almost All Aliens companion website at www.routledge.com/textbooks/almostallaliens

Changing National Identities at the Frontier Andrés Reséndez,2005 This book explores how the diverse and fiercely independent peoples of Texas and New Mexico came to think of themselves as members of one particular national community or another in the years leading up to the Mexican American War Hispanics Native Americans and Anglo Americans made agonizing and crucial identity decisions against the backdrop of two structural transformations taking place in the region during the first half of the 19th century and often pulling in opposite directions **Alternative Vegetation Management Practice for the Lower Rio Grande Flood Control Project, Cameron, Hidalgo and Willacy Counties** ,2003

Borderline Americans Katherine Benton-Cohen,2011-03-04 Are you an American or are you not This is the question at the heart of Katherine Benton Cohen s provocative history which ties a seemingly remote corner of the country to one of

America's central concerns the historical creation of racial boundaries *Remembering Conquest* Omar Valerio-Jiménez, 2024-04-10 This book analyzes the ways collective memories of the US Mexico War have shaped Mexican Americans' civil rights struggles over several generations. As the first Latinx people incorporated into the nation, Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo, which ended the war. Because the 1790 Naturalization Act declared whites solely eligible for citizenship, the treaty pronounced Mexican Americans to be legally white. While their incorporation as citizens appeared as progress towards racial justice and the electorate's diversification, their second-class citizenship demonstrated a retrenchment in racial progress. Over several generations, civil rights activists summoned conquest memories to link Mexican Americans' poverty, electoral disenfranchisement, low educational attainment, and health disparities to structural and institutional inequalities resulting from racial retrenchments. Activists also recalled the treaty's citizenship guarantees to push for property rights protection from vigilante attacks and educational reform. Omar Valerio Jimenez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts. The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas **Domestic Negotiations** Marci R. McMahon, 2013-07-01 This interdisciplinary study explores how US Mexicana and Chicana authors and artists across different historical periods and regions use domestic space to actively claim their own histories. Through negotiation, a concept that accounts for artistic practices outside the duality of resistance, accommodation, and self-fashioning, Marci R. McMahon demonstrates how the very sites of domesticity are used to engage the many political and recurring debates about race, gender, and immigration affecting Mexicanas and Chicanas from the early twentieth century to today. *Domestic Negotiations* covers a range of archival sources and cultural productions, including the self-fashioning of the chili queens of San Antonio, Texas; Jovita González's romance novel *Caballero*; the home economics career and cookbooks of Fabiola Cabeza de Baca; Sandra Cisneros's purple house controversy and her acclaimed text *The House on Mango Street*; Patssi Valdez's self-fashioning and performance of domestic space in *Asco*; and as a solo artist, Diane Rodríguez's performance of domesticity in Hollywood television and direction of domestic roles in theater, and Alma López's digital prints of domestic labor in Los Angeles. With intimate close readings, McMahon shows how Mexicanas and Chicanas shape domestic space to construct identities outside of gendered, racialized, and xenophobic rhetoric **Tortillas** Paula E. Morton, 2014-10-15 The ordinary tortilla was an extraordinary bond between the human and the divine. From birthdays to religious ceremonies, the people of Mesoamerica commemorated important events with tortillas. One Maya tribe even buried their dead with tortillas so that the dogs eaten as dinner during life would not bite the deceased in revenge from Tortillas. *A Cultural History* For centuries, tortillas have remained a staple of the Mexican diet, but the rich significance of this unleavened flatbread stretches far

beyond food Today the tortilla crosses cultures and borders as part of an international network of people customs and culinary traditions In this entertaining and informative account Paula E Morton surveys the history of the tortilla from its roots in ancient Mesoamerica to the cross cultural global tortilla Morton tells the story of tortillas and the people who make and eat them from the Mexican woman rolling the mano over the metate to grind corn to the enormous wheat tortillas made in northern Mexico to twenty first century elaborations like the stuffed burrito This study the first to extensively present the tortilla s history symbolism and impact shows how the tortilla has changed our understanding of home cooking industrialized food healthy cuisine and the people who live across borders The Routledge History of Twentieth-Century United States

Jerald Podair,Darren Dochuk,2018-05-02 The Routledge History of the Twentieth Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications The Routledge History of the Twentieth Century United States offers an exciting new resource for the study of modern American history Hispanics in the American West Jorge Iber,Arnoldo De León,2005-11-07 This work provides a revealing look at the history of Hispanic peoples in the American West or from the Mexican perspective El Norte from the period of Spanish colonization through the present day Hispanics in the American West portrays the daily lives struggles and triumphs of Spanish speaking peoples from the arrival of Spanish conquistadors to the present highlighting such defining moments as the years of Mexican sovereignty the Mexican American War the coming of the railroad the great Mexican migration in the early 20th century the Great Depression World War II the Chicano Movement that arose in the mid 1960s and more Coverage includes Hispanics of all nationalities not just Mexican but Cuban Puerto Rican Salvadoran and Guatemalan among others and ranges beyond the traditional Hispanic states Texas California Arizona New Mexico and Colorado to look at newer communities of Spanish speaking peoples in Oregon Hawaii and Utah The result is a portrait of Hispanic American life in the West that is uniquely inclusive insightful and surprising A Crooked River Michael L. Collins,2018-04-12 During the turbulent years of the Civil War and Reconstruction a squall of violence and lawlessness swept through the Nueces Strip and the Rio Grande Valley in southern Texas Cattle rustlers regular troops and Texas Rangers as well as Civil War deserters and other characters of questionable reputation clashed with Mexicans Germans and Indians over unionism race livestock land and national sovereignty among other issues In A Crooked River Michael L Collins presents a rousing narrative of these events that reflects perspectives of people on both sides of the Rio Grande Retracing a path first opened by historian Walter Prescott Webb A Crooked River reveals parts of the tale that

Webb never told Collins brings a cross cultural perspective to the role of the Texas Rangers in the continuing strife along the border during the late nineteenth century He draws on many rare and obscure sources to chronicle the incidents of the period bringing unprecedented depth and detail to such episodes as the skinning wars the raids on El Remolino and Las Cuevas and the attack on Nuecestown Along the way he dispels many entrenched legends of Texas history in particular the long held belief that almost all of the era s cattle thieves were Mexican A balanced and thorough reevaluation A Crooked River adds a new dimension to the history of the racial and cultural conflict that defined the border region and that still echoes today

Black Cowboys in the American West Bruce A. Glasrud, Michael N. Searles, 2016-09-28 Who were the black cowboys They were drovers foremen fiddlers cowpunchers cattle rustlers cooks and singers They worked as wranglers riders ropers bulldoggers and bronc busters They came from varied backgrounds some grew up in slavery while free blacks often got their start in Texas and Mexico Most who joined the long trail drives were men but black women also rode and worked on western ranches and farms The first overview of the subject in more than fifty years Black Cowboys in the American West surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century Including both classic previously published articles and exciting new research this collection also features select accounts of twentieth century rodeos music people and films Arranged in three sections Cowboys on the Range Performing Cowboys and Outriders of the Black Cowboys the thirteen chapters illuminate the great diversity of the black cowboy experience Like all ranch hands and riders African American cowboys lived hard dangerous lives But black drovers were expected to do the roughest most dangerous work and to do it without complaint They faced discrimination out west albeit less than in the South which many had left in search of autonomy and freedom As cowboys they could escape the brutal violence visited on African Americans in many southern communities and northern cities Black cowhands remain an integral part of life in the West the descendants of African Americans who ventured west and helped settle and establish black communities This long overdue examination of nineteenth and twentieth century black cowboys ensures that they and their many stories and experiences will continue to be known and told

In Years Gone by Manuel G. Gonzales, Cynthia M. Gonzales, 2000 An interdisciplinary anthology covering diverse aspects of the Mexican American experience in the United States Amazon.com viewed November 12 2020

The Limits of Liberty James David Nichols, 2018-07-01 The Limits of Liberty chronicles the formation of the U S Mexico border from the perspective of the mobile peoples who assisted in determining the international boundary from both sides in the mid nineteenth century In this historic and timely study James David Nichols argues against the many top down connotations that borders carry noting that the state cannot entirely dominate the process of boundary marking Even though there were many efforts on the part of the United States and Mexico to define the new international border as a limit mobile peoples continued to transgress the border and cross it with impunity Transborder migrants reimagined the dividing line as a gateway to opportunity rather than as a fence limiting their movement Runaway slaves

Mexican debt peones and seminomadic Native Americans saw liberty on the other side of the line and crossed in search of greater opportunity. In doing so they devised their own border epistemology that clashed with official understandings of the boundary. These divergent understandings resulted in violence with the crossing of vigilantes, soldiers and militias in search of fugitives and runaways. *The Limits of Liberty* explores how the border attracted migrants from both sides and considers border crossers together whereas most treatments thus far have considered discrete social groups along the border. Mining Mexican archival sources, Nichols is one of the first scholars to explore the nuance of negotiation that took place between the state and mobile peoples in the formation of borders. *The Civil War on the Rio Grande, 1846-1876* Roseann

Bacha-Garza, Christopher L. Miller, Russell K. Skowronek, 2019-01-23 2020 Texas Historical Commission's Governor's Award for Historic Preservation was awarded to the Community Historical Archaeology Project with Schools CHAPS at the University of Texas Rio Grande Valley. This book grew out of the CHAPS program Runner up 2019 Texas Old Missions and Forts Restoration Book Award sponsored by the Texas Old Missions and Forts Restoration Association TOMFRA. Long known as a place of cross border intrigue, the Rio Grande's unique role in the history of the American Civil War has been largely forgotten or overlooked. Few know of the dramatic events that took place here or the complex history of ethnic tensions and international intrigue and the clash of colorful characters that marked the unfolding and aftermath of the Civil War in the Lone Star State. To understand the American Civil War in Texas also requires an understanding of the history of Mexico. *The Civil War on the Rio Grande* focuses on the region's forced annexation from Mexico in 1848 through the Civil War and Reconstruction. In a very real sense the Lower Rio Grande Valley was a microcosm not only of the United States but also of increasing globalization as revealed by the intersections of races, cultures, economic forces, historical dynamics and individual destinies. As a companion to *Blue and Gray on the Border: The Rio Grande Valley Civil War Trail*, this volume provides the scholarly backbone to a larger public history project exploring three decades of ethnic conflict, shifting international alliances and competing economic proxies at the border. *The Civil War on the Rio Grande 1846-1876* makes a groundbreaking contribution not only to the history of a Texas region in transition but also to the larger history of a nation at war with itself.

Latino Education in the United States V. MacDonald, 2004-11-12 Winner of a 2005 Critics Choice Award from The American Educational Studies Association, this is a groundbreaking collection of oral histories, letters, interviews and governmental reports related to the history of Latino education in the US. Victoria Mar a MacDonald examines the intersection of history, Latino culture and education while simultaneously encouraging undergraduates and graduate students to reexamine their relationship to the world of education and their own histories. *The Roots of Rough Justice* Michael J. Pfeifer, 2011-04-01 In this deeply researched prequel to his 2006 study *Rough Justice: Lynching and American Society 1874-1947*, Michael J. Pfeifer analyzes the foundations of lynching in American social history. Scrutinizing the vigilante movements and lynching violence that occurred in the middle decades of the nineteenth century on the Southern, Midwestern and far

Western frontiers The Roots of Rough Justice Origins of American Lynching offers new insights into collective violence in the pre Civil War era Pfeifer examines the antecedents of American lynching in an early modern Anglo European folk and legal heritage He addresses the transformation of ideas and practices of social ordering law and collective violence in the American colonies the early American Republic and especially the decades before and immediately after the American Civil War His trenchant and concise analysis anchors the first book to consider the crucial emergence of the practice of lynching of slaves in antebellum America Pfeifer also leads the way in analyzing the history of American lynching in a global context from the early modern British Atlantic to the legal status of collective violence in contemporary Latin America and sub Saharan Africa Seamlessly melding source material with apt historical examples The Roots of Rough Justice tackles the emergence of not only the rhetoric surrounding lynching but its practice and ideology Arguing that the origins of lynching cannot be restricted to any particular region Pfeifer shows how the national and transatlantic context is essential for understanding how whites used mob violence to enforce the racial and class hierarchies across the United States

The Course of Mexican History Susan M. Deeds, Michael C. Meyer, William L. Sherman, 2018 Part I Pre Columbian Mexico The first Mexicans Mesoamerica s golden age the classic period Times of trouble post classic Mexico The rise of the Aztecs Aztec society and culture Part II Colliding worlds The Spanish invasion The settlement of new Spain Part III Living in the viceroyalty The imperial system entrenched The colonial economy The colonial church Colonial society race ethnicity class gender and identity Culture and daily life in New Spain Part IV Reform and reaction the move to independence The Bourbons restructure New Spain Society and stress in the late colonial period The wars for independence The first Mexican empire Part V The trials of nationhood The early Mexican Republic Santa Anna the centralized state and the war with the United States Society and culture in the first half of the nineteenth century Part VI Liberals and conservatives search for something better The reform and the French intervention The restored republic nascent modernization Society and culture in the middle of the nineteenth century Part VII The modernization of Mexico The Porfiriato order and progress The costs of modernization Society and culture during the Porfiriato Part VIII The Revolution of 1910 Madero and the liberal indictment of the Porfiriato Revolts and dictatorship obstruct the democratic overture The illusory quest for a better way Society and culture during the revolutionary years PART ix The revolutionary aftermath Calles supreme chief of an institutionalized revolution Cardenas and the essence of the revolution Society and culture in the postrevolutionary period Part X Development and dissent under a one party system From revolution to evolution The lull and the storm Failures of development in the one party state Society and culture a new internationalism Part XI Crisis and change in an era of globalization The neoliberal state a path to democracy The challenges of democratization Progress and problems Society and culture in an era of crises and global entanglements

Whispering the Techniques of Language: An Mental Journey through **Tejano Legacy Rancheros And Settlers In South Texas 1734 1900**

In a digitally-driven world where displays reign great and immediate interaction drowns out the subtleties of language, the profound secrets and emotional nuances concealed within phrases frequently move unheard.
