The SX6500's rhythm section provides a rich accompaniment with 888 pattern variations containing up to 16 parts each.

These accompaniments are the result of extensive research & development by engineers and musicians to produce a rich musical backing arrangement from even the simplest of chord progressions. You can also create and store 20 of your own patterns in the custom rhythm group and use them just like the preset rhythms, or load new patterns from optional music software or floppy disk.
