Conard,2008-12-12 Written for both fans of the Coen brothers and the philosophically curious without the technical language educational and entertaining Library Journal Joel and Ethan Coen have made films that redefined the gangster movie the screwball comedy the fable and the film noir but no matter what genre they re playing with they consistently focus on the struggles of complex characters to understand themselves and their places in the strange worlds they inhabit To borrow a phrase from Barton Fink all Coen films explore the life of the mind and show that the human condition can often be simultaneously comic and tragic profound and absurd The essays in this book explore the challenging moral and philosophical terrain of the Coen repertoire Several address how Coen films often share film noir s essential philosophical assumptions power corrupts evil is real and human control of fate is an illusion In Fargo not even Minnesota s blankets of snow can hide Jerry Lundegaard s crimes or brighten his long dark night of the soul The tale of love marriage betrayal and divorce in Intolerable Cruelty transcends the plight of the characters to illuminate competing theories of justice Even in lighter fare such as Raising Arizona and The Big Lebowski the comedy emerges from characters journeys to the brink of an amoral abyss However the Coens often knowingly and gleefully subvert conventions

and occasionally offer symbolic rebirths and other hopeful outcomes At the end of *The Big Lebowski* for example the Dude abides his laziness has become a virtue and the human comedy is perpetuating itself with the promised arrival of a newborn Lebowski The Philosophy of the Coen Brothers sheds new light on the work of these cinematic visionaries From *Blood Simple* to *No Country for Old Men* the Coens characters look for answers though in some cases their quest for answers leads at best only to more questions *Histoire noire* Elfriede Müller, Alexander Ruoff, 2015-07-15 Seit 1968 verfolgt der französische Krimi auf Benjamin'sche Weise die Spuren der Revolutionen des 19 und 20 Jahrhunderts als lebendige Erinnerung Er nimmt Partei für die Revolte deckt Ungerechtigkeiten auf und lässt hinter die Kulissen von Herrschaft blicken Mittels einer Bestimmung des Verhältnisses von Geschichtsschreibung und Literatur geht dieses Buch der Frage nach ob der aktuelle französische Kriminalroman als Geschichtsschreibung gelten kann Die Pariser Kommune der Erste und Zweite Weltkrieg der Spanische Bürgerkrieg der Algerienkrieg und der Mai 1968 bilden den Hintergrund der untersuchten Romane die hoffnungsvoll und melancholisch die Geschichte der Besiegten erzählen Die Autoren Pouy Daeninckx Manotti Vilar und andere legen in ihren Texten Zeugnis ab von den politischen und intellektuellen Strategien der Linken am Ende des 20 Jahrhunderts

One Show Interactive Annual , **Now** Vincent Lavoie, 2003-01-01 While the crisis that took place in photojournalism during the 1960s brought about a significant shift in the practices discourses and institutional structures of press photography it also affected the practices of artists specifically with regard to work devoted to revitalizing the depiction of events The art world attempted to revitalize the historical genre by undertaking its critical rereading in the spirit of restoring a tradition diminished by the mass media The problem may be expressed in these terms How can history be depicted bearing in mind that the media mainly photojournalism and the electronic press have claimed a monopoly of the genre unto themselves At issue is the sizeable problem of mass media omnipotence as an obligatory referential universe for historiographical artistic practices Today it seems impossible to depict the event in any way other than by accentuating or eschewing the formal attributes rhetorical artifices and ideological precepts of the mass media These approaches to addressing historical moments have been examined in this article both because they epitomize contemporary historical writing and for the most part they constitute critical responses to stereotyped depictions of events Above all they represent a paradigm shift the mass media's prerogatives for depicting historical moments has shifted towards the field of art Contemporary depictions of catastrophe crimes sensationalist news items terrorist attacks humanitarian disasters genocides common themes in many of the artistic projects represented in the 8th edition of the *Mois de la Photo* à Montréal have been especially striking in this respect For of all contemporary events catastrophes are the most likely to be spontaneously propelled to the top of the news roster and the most susceptible to the various inflections of contemporary art photography
