

Summary

TELESCOPING THE TIMES

The Union in Peril

CHAPTER OVERVIEW *Slavery becomes an issue that divides the nation. North and South enter a long and destructive civil war that ends slavery. African Americans briefly enjoy full civil rights, but new laws discriminate against them.*

0 The Divisive Politics of Slavery

KEY IDEA *The increased tension and violence between North and South over slavery leads the nation to the brink of war.*

North and South increasingly disagreed over slavery. The debate focused on slavery in territories that wanted to become states. When California applied for statehood as a free state, Southerners were angry because much of the state was south of the Missouri Compromise line of 36° 30'. Henry Clay drew up the Compromise of 1850 in an attempt to satisfy both North and South. After much debate, Congress approved the compromise, which allowed California to enter the Union as a free state.

The compromise also included the Fugitive Slave Act, which allowed harsh steps to be taken against slaves who ran away. Many Northerners disliked the law. Some helped slaves to escape on a route called the Underground Railroad. Harriet Beecher Stowe's novel *Uncle Tom's Cabin* showed slavery's evils. The book sold well, but Southerners resented it.

Slavery in the territories became an issue again. Senator Stephen Douglas proposed a bill that would allow the people in Nebraska and Kansas territories to decide whether they wanted slavery. Congress eventually approved the bill and the Kansas-Nebraska Act became law in 1854. As a result, proslavery and antislavery forces began fighting for possession of Kansas.

The Whig party broke up over the issue of slavery. Antislavery factions formed the Republican Party. In 1856, the first Republican candidate for president, John C. Frémont, won many votes but finished second.

A Supreme Court decision in 1857 worsened the situation. In the *Dred Scott* case, the Court defined slaves as property, protected by the Constitution. Southerners celebrated the decision.

In 1858, Stephen Douglas, the Democratic Senator from Illinois, ran for re-election against Republican Abraham Lincoln. In a series of debates, Lincoln drew national attention with his

attacks on slavery as a moral evil. Douglas won the election, but by not defending slavery strongly, he lost Southern support.

In the 1860 election, four candidates ran for president. Republican Lincoln won with no support in the South. Convinced they had lost their political voice, seven Southern states seceded (left the Union) and formed the Confederate States of America.

0 The Civil War Begins

KEY IDEA *The Civil War becomes a long, deadly conflict. The war brings about important political, social, and economic changes.*

The Civil War began in April 1861, when Confederate forces fired on Fort Sumter, a Union fort in Charleston, South Carolina. Lincoln issued a call for troops to fight to restore the Union. Four more Southern states seceded.

The North had more people, more factories, and more railroad tracks, and could grow more food. The South's advantages included the demand for cotton, excellent generals, and soldiers eager to defend their way of life.

The North planned to blockade the South. The Union also hoped to capture the Mississippi River, split the Confederacy in two, and capture their capital at Richmond, Virginia. The Confederate strategy was to defend themselves from Northern attack and to attack the North if the opportunity arose.

A Confederate victory at Bull Run resulted in stepped-up enlistments in the North. In 1862 the Union won some early victories in the West. The Union navy captured the port of New Orleans. Both sides clashed in a bloody battle for the capitals near a creek called Antietam in Maryland.

In response to the demands of abolitionists, in 1863 Lincoln issued the Emancipation Proclamation, which freed the slaves in Confederate states and gave the war a high moral purpose.

As the war continued, casualties mounted. Both sides began to draft civilians into the army. After the Emancipation Proclamation, large numbers of African Americans joined the Union army. They fought bravely but suffered discrimination. As the
