Solomons Treasure The Magic And Mystery Of Americas Money:

Solomon's Treasure Tracy R. Twyman, 2005-10-01 It is commonly known that the United States was founded by men with a philosophy grounded in the occult namely Freemasons who saw in the US a potential New Atlantis which would guide the nations towards a New World Order of peace democracy and enlightenment But what few people understand is the correlation between the esoteric doctrines of Masonry and the economic principles that underpin the American economy Few understand that the dollar is a unit of magical energy and the dollar bill itself a magical talisman Although many words have been written by conspiracy theorists analyzing the Masonic symbols on the one dollar bill no one has yet been able to sufficiently explain why these symbols are there or what they really mean *Solomon s Treasure* explains how the magic of the dollar operates The creation of money by the Federal Reserve and its exponential multiplication by the procedures of the banking system is analogous to the creation and multiplication of gold in the metaphysical practice of alchemy The members of the Federal Reserve Board are in many ways like sorcerers conjuring wealth seemingly out of thin air and distributing it at will to transform the American economy according to their desires The dollar is fiat currency declared into existence by the central bank in a manner similar to the creation of the universe by the divine words Let there be light This system depends entirely on a religious faith by the American people in the supernatural power of the dollar This faith is reinforced by the financial terminology currently in use as well as by watchwords and symbols found on American money These act as magical charms and also as tokens of communal trust in and fidelity to the dollar as an institution Every time a person spends a dollar or accepts a dollar as payment they are confirming their belief in the dollar and using it to exercise their spiritual will Even the familiar dollar sign has an occult meaning which is linked with these ideas *Solomon s Treasure* reveals the role played by the proto Masonic Order of Knights Templar in the development of capitalism and the modern banking system Because of their pivotal contributions numerous modern financial terms monetary concepts and banking practices can be traced back to the Templars Perhaps most shocking are the links between the treasure of King Solomon purportedly discovered by the Knights Templar and America s wealth In *Solomon s Treasure* author Tracy R Twyman explains how time honored esoteric wisdom principles of wealth creation have been passed down through the ages from King Solomon to the Knights Templar to the Freemasons and ultimately to the architects of the US dollar

Ritual America Craig Heimbichner, Adam

Parfrey, 2012-03-06 Adam Parfrey is one of the nation s most provocative publishers *Seattle Weekly* Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge *Joan d Arc Paranoia* magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization s public image by denying the

existence of its most contentious ideas Ritual America reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary The authors of Ritual America contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of *Cult Rapture Revelations of the Apocalyptic Mind* and *It's a Man's World Men's Adventure* Magazines the Postwar Pulp He is editor of the influential *Apocalypse Culture* series *Love Sex Fear Death The Inside Story* of the Process Church of the Final Judgment Craig Heimlichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the *Feral House* compilation *Secret and Suppressed II* and wrote about the famous occult order the O T O in *Blood and Altar*

Reading Herodotus Debra Hamel,2012-09-15 Hamel takes us on a delightful audacious romp through *The History of the Persian Wars* Debra Hamel's book is a lively introduction to *The History of the Persian Wars* Herodotus's account of Persia's expansion under four kings Cyrus Cambyses Darius and Xerxes and its eventual collision with the city states of Greece *The History* can be a long slog for modern readers but it is full of salacious tales about sex violent death divine prophecies and cannibals Following the structure of the original work Hamel leads the reader through a colorful tour of the central stories that compose *The History* She highlights the more interesting and important parts of the story while providing readers who are new to Herodotus with the background information necessary to appreciate the author's wide ranging subject matter At once academic and cheeky the experience of this book is like reading Herodotus while simultaneously consulting a history of Greece and a scholarly commentary on the text
