Golf's Greatest Collapses Andrew Podnieks, 2015-03-22 *Golf's Greatest Collapses* recounts the agony and sometimes humour of the worst moments of a golfer's career: the moment when he can't do anything right. Golfers collapse under the weight of the moment, the gaze of thousands of fans, the click of photographers' cameras, the underlying awareness that millions of people around the world are watching. Some golfers never recover from a collapse; others use it to learn, and when the situation recurs, they are wiser and better able to handle the pressure of the moment. Collapses can be good in the long run, or they can be forever devastating.

International Sports Volunteering Angela M. Benson, Nicholas Wise, 2017-04-21 Sport volunteering is becoming an increasingly popular motive for international travel. Many tourism organisations now advertise sport volunteering projects with colleges and universities, also offering students the opportunity to participate in similar projects abroad. This is the first book to bring together diverse and interdisciplinary insights into the development of the contemporary sport volunteering phenomenon. It addresses conceptual uncertainties and challenges emerging from the growing international sport volunteering market and offers insight into its future directions, impact and sustainability. Drawing on both quantitative and qualitative methodologies, Part I examines volunteering in the context of international sporting events, while Part II evaluates volunteering initiatives related to sport development. Including case studies from Australia, Cameroon, Namibia, Norway, Russia, the UK, the US and Zambia, this substantial volume provides a truly international perspective on the changing roles of sport volunteering.
