South Lawn strolls where Obama and Clinton pressed their views It follows their evolution from bitter rivals to wary partners and then to something resembling rivals again as Clinton defined herself anew and distanced herself from her old boss In the process it counters the narrative that during her years as secretary of state there was no daylight between them that the wounds of the 2008 campaign had been entirely healed The president and his chief diplomat parted company over some of the biggest issues of the day how quickly to wind down the wars in Iraq and Afghanistan whether to arm the rebels in Syria how to respond to the upheaval in Egypt and whether to trust the Russians In Landler s gripping account we venture inside the Situation Room during the raid on Osama bin Laden s compound watch Obama and Clinton work in tandem to salvage a conference on climate change in Copenhagen and uncover the secret history of their nuclear diplomacy with Iran a story with a host of fresh disclosures With the grand sweep of history and the pointillist detail of an account based on insider access the book draws on exclusive interviews with more than one hundred senior administration officials foreign diplomats and friends of Obama and Clinton Mark Landler offers the definitive account of a complex profoundly important relationship
