- The system is, however, **NOT** (arguably) **stable** in the sense that some states cannot be reached (e.g., if `isatty(2)` does not exist, `system(2)` will not work).

■ These 2 are not related to the other things (compare with group membership).

**Background:** The prevalence of mental health problems in the general population is high, and the impact on the individual and society is substantial. The aim of this study was to investigate the prevalence of mental health problems in the general population of Sweden, and to explore the impact of these problems on the individual and society.
