The image is a promotional title card for the video game Hades. It features the character Hades, the god of the underworld, standing centrally. He has orange hair, a black horned helmet with a glowing red gem, and a black cape over an orange tunic. He holds a glowing green trident in his right hand. Above him is a large, dark, open umbrella. The background is dark with green, ethereal, vine-like patterns swirling around the central figure. The word "HADES" is written in a large, ornate, white serif font across the middle. The entire scene is framed by a dark, circular border with green vine motifs on the sides.

Schweizer,2011-02-23 The ancient Egyptian sources come alive speaking to us without seeming alien to our modern ways of
thinking Andreas Schweizer invites us to join the nocturnal voyage of the solar barque and to immerse ourselves with the
Great Soul of the sun into the darkness surrounding us Here in the illustrations and texts of the Amduat threats hidden in the
depths of our soul become visible as concrete images an analysis of which remains ever worthwhile even in the guise of the
evil ominous or dark side of godhead with which Schweizer concerns himself The netherworld into which we descend
underlies our own world Creative energies of dreadful intensity are active there and only death to which all must surrender
makes us truly alive by offering us regeneration from the depths Erik Hornung from the Foreword The Amduat literally that
which is in the netherworld tells the story of the nocturnal journey of Re the Egyptian Sungod through the netherworld from
the time when the sun dies after setting in the west to its rebirth at sunrise in the east In the middle of the night in the
profoundest depths of the netherworld this resurrection is made possible by a mystical union of the sun with the mummified
body of Osiris god of the dead This great mystery of the union between the freely moving soul of the Sungod longing for the
bright and boundless sky with Osiris s corpse which is irrevocably bound to the subterranean realm of the dead evokes the
renewal of all life and the restoration of totality In the Egyptian belief system the pharaohs and in later times all blessed dead
embarked on this same night sea journey after death ultimately becoming one with Re and living forever The vision of the
afterlife elaborated in the Amduat dating from around 1500 B C E has been influential for millennia providing the model for
an entire genre of Egyptian literature the Books of the Afterlife which in turn endured into the Greco Roman era Its themes
and images persisted into gnostic and alchemical texts and made their way into early Christian portrayals of the beyond In
The Sungod s Journey through the Netherworld Andreas Schweizer guides the reader through the Amduat offering a
psychological interpretation of its principal textual and iconographic elements He is concerned with themes that run deep
and wide in human experience drawing on Jungian archetypes to find similar expression in many cultures worldwide sleep as
death resurrection as reawakening or rebirth and salvation or redemption whether from original sin as for Christians or from

the total annihilation of death as for the ancient Egyptians

Art, Myth and Deviance Shlomo Giora Shoham, 2008-12-18 Myths have long been considered the prime linkage between nature and culture but we hold that they are more than this The mythogene which is our conceptualization of a connecting structure links subject and object history and transcendence but above all is the blueprint for creativity The volume deals therefore with the innovative conception of the author as to the process of creativity Van Gogh had a revelation

as to how the whirling cypresses and dancing stars would look at night These structures which contain a complementarity between his experiences and longings are then ingrained in the artistic medium Since his artistic efforts were authentic his ecstatic in the Greek sense state of mind extricated itself from diachronic history and soared onto synchronic eternity This is how we perceive his work as fresh exhilarating and meaningful as if painted today it is the communication within eternity of authentic art from artist to audience The volume also presents a classification of types of artists as related to their art and presents and innovative theory as to the link between madness and creativity
