

Quick Start Guide

Getting Started

Thank you for purchasing the VIPER home monitoring and security system starter kit. The VIPER home starter kit includes everything you need to monitor one entry point and detect motion in one room. The system also has home control capabilities. Visit www.viper.com for additional product and warranty information.

What's Included

What's Needed

- Computer with internet connection
- Internet access point with RJ-45 port (required for the Central Controller connection)
- Tape measure (used when mounting the motion sensor)
- A slot to open the door / window sensor for battery installation

Note: The 8-digit serial number is located on the bottom of the Central Controller and inside the battery compartment.

Record serial number here: _____

Connecting the Central Controller

Step 1 Install the backup battery first by removing the Central Controller battery cover to and then install each sensor installed.

Step 2 Connect the ethernet/cable cable to the Central Controller and your wireless router/modem.

Step 3 Plug the power adapter into the back of the controller and the other end into the home wall outlet.

Step 4 The LED indicator light will turn on and change to green once the connection process is complete.

Registration of System and Services

Step 1 After confirming that the Central Controller displays a green light, please visit www.viper.com to begin the registration process.

Step 2 Enter your 8-digit Central Controller serial number recorded at the top of this page and click next. If you receive an error, please confirm the panel ID is green.

Step 3 Complete the registration process as shown below. Keep note of your e-mail, password, and user code. These are used to log into the smartphone app.

Step 4 Registration is complete when the VIPER home Management Center opens. You are now ready to install each of the sensors.

Select each of the devices and bring them to the location they will be placed.
