

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

typologischen Vergleichen (Re-)Locating TESOL in an Age of Empire J. Edge, 2006-04-19 Are TESOL professionals now fairly seen as agents of a new English speaking empire Or if they wish to distance themselves from this role are there ways of working and living that would make this differentiation clear An international group of authors put forward their differing proposals for the development of TESOL

Rethinking Linguistic Creativity in Non-native Englishes Sandra C. Deshors, Sandra Götz, Samantha Laporte, 2018-07-19 At a time when the paradigm gap Sridhar Sridhar 1986 between the EFL and ESL research areas is attracting much scholarly attention the contributions in the current volume explore this gap from the perspective of linguistic innovations across the two different types of non native Englishes In this endeavour this volume unveils the many facets of linguistic innovations in non native English varieties and explores the fine line between learners erroneous versus creative use of a target language Adopting empirical corpus based approaches to portray linguistic innovations characteristic of EFL and ESL varieties the contributions show how the interaction of linguistic and social forces influences the development of novel linguistic forms in both endonormative ESL contexts and exonormative EFL contexts This volume is of relevance to linguists who are interested in the features of non native English and who wish to gain a better understanding of the nature of innovations along the EFL ESL continuum Originally published as a special issue of International Journal of Learner Corpora Research 2 2 2016

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science **TRENDS IN LINGUISTICS** considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language **TRENDS IN**

LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

Case, Animacy and Semantic Roles Seppo Kittilä, Katja Västi, Jussi Ylikoski, 2011. The chapters of this volume scrutinize the interplay of different combinations of case animacy and semantic roles thus contributing to our understanding of these notions in a novel way. The focus of the chapters lies on showing how animacy affects argument marking. Unlike previous studies these chapters primarily deal with lesser studied phenomena such as animacy effects on spatial cases and the differences between cases and adpositions in the coding of spatial relations. In addition theoretical and diachronic issues related to case and semantic roles are also discussed for example what is case how do cases develop and what are the functional differences between cases and adpositions. The chapters deal with a variety of different languages including Uralic languages Indo European languages Basque Korean and Vaeakau Taumako. The book is appealing to anyone interested in case animacy and or semantic roles.

Gladstone and Kruger Deryck Schreuder, 2018-01-17. Originally published in 1969 Gladstone and Kruger examines British reactions to the Afrikaner nationalism. Beginning with the first Anglo Boer war of 1880-81 it examines the formulation of policy after the British defeat at Majuba Hill. At that moment the dangers of a pan Afrikaner revolt in the Transvaal Orange Free State and Cape Province seemed imminent and the British presence in southern Africa seemed very much at risk. Schreuder shows how the devolution of metropolitan Imperial power on to local ministries conflicted with the Whig concern for the preservation of British dominance and prestige abroad and provides a commentary on the Liberal response to the Irish problem.

Sustainable Development Goals and Institutions of Higher Education Godwell Nhamo, Vuyo Mjimba, 2019-09-14. This volume brings together both theoretical and case study based contributions to the implementation of the Sustainable Development Goals (SDGs) in Institutions of Higher Education (IHE) presenting an impactful combination of authors from both developing and developed countries. While most current publications addressing the SDGs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation of the SDGs by presenting opportunities and innovations offered in various universities and campuses regarding SDGs localisation. The book seeks to provide an important contribution to the global dialogue on IHE and the SDGs and will be of interest to academics and researchers engaged in the SDGs and education as well as government agencies and other interested stakeholders. The book focuses on curriculum and learning matters research and development as well as community engagement. Case studies detail the integration of SDGs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education. Additional focus is placed on the alignment of the SDGs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate
