

THEIRS TO *Claim*

A PREDATORY DESIRES NOVEL

DIANA MCKINLEY

Theirs To Claim Predatory Desires English Edition

WJ Hussar

Theirs To Claim Predatory Desires English Edition:

Desire and Consent in Representations of Adolescent Sexuality with Adults Maureen Turim, Diane Waldman, 2023-10-02 This book presents an innovative comparative view of how the issue of adolescent sexuality and consent is differently treated in various media Analyzing teenage sexual encounters with adults across a variety of media including films television novels and podcasts the volume takes a positive stance on the expression of teenage sexuality while remaining sensitive to the power of adults to abuse and manipulate The anthology treats these representations as negotiations between conflicting forces desire sexual self knowledge unequal power and the law the latter both actual legal statutes and internalized law in the philosophical and psychoanalytic sense Questions of unequal power inherent in such relations are theorized The authors examine variations of this configuration of sexual relations between teenagers and adults from different perspectives to consider how various forms of expression rework it formally These essays are attuned to both nuances of presentation and contexts of reception and they consider how aesthetics play a role Contributing to the general debate about the ways that societies construct and regulate adolescent sexuality this book will be of great interest to scholars and students of media studies cultural studies film studies television studies sociology and gender studies **TESS OF THE D'URBERVILLES (British Classics Series)** Thomas Hardy, 2024-01-13 In Tess of the D Urbervilles Thomas Hardy weaves a poignant narrative that explores themes of innocence fatalism and social stratification within Victorian England Hardy s rich and evocative prose captures the struggles of Tess a young woman caught in the throes of circumstance and societal expectation The novel is marked by its naturalistic style which reflects both the brutal realities of rural life and the larger philosophical questions concerning fate and free will Positioned within the literary context of the late 19th century it critiques the rigid moral codes of the time challenging the reader s perceptions of virtue and guilt Thomas Hardy hailed as one of the foremost novelists of his time drew upon his own experiences in the Dorset landscape imbuing his characters and settings with authenticity and depth His background in architecture and his poignant observations of social injustices infused his works with a sense of empathy and realism Hardy s own struggles with societal conventions and his later acknowledgment of the limitations imposed on women likely influenced the creation of Tess whose life reflects the complexities of gender and class in a changing world Tess of the D Urbervilles is a must read for those seeking a profound exploration of human experience and societal critique Rich in emotional depth and moral complexity this classic novel invites readers to reflect on the forces that shape identity and fate Hardy s masterful storytelling and insightful characterizations make this work an enduring classic that resonates powerfully with contemporary readers In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals

milestones in the author's life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Animals and Their Moral Standing Stephen R L Clark, Stephen R. L. Clark, 2006-06-07 Twenty years ago people thought only cranks or sentimentalists could be seriously concerned about the treatment of non human animals However since then philosophers scientists and welfarists have raised public awareness of the issue and they have begun to lay the foundations for an enormous change in human practice This book is a record of the development of animal rights through the eyes of one highly respected and well known thinker This book brings together for the first time Stephen R L Clark's major essays in one volume Written with characteristic clarity and persuasion Animals and Their Moral Standing will be essential reading for both philosophers and scientists as well as the general reader concerned by the debates over animal rights and treatment

The Knights Templar in Popular Culture Patrick Masters, 2022-02-25 From the Arthurian epic poem Parzival to Dan Brown's *The Da Vinci Code* Indiana Jones and the Last Crusade and the Assassin's Creed video game series the Knights Templar have captivated artists and audiences alike for centuries In modern times the Templars have featured in many narrative contexts evolving in a range of contrasting story roles the grail guardian the heroic knight the villainous knight and the keeper of conspiracies This study explores why these gone but not forgotten warrior monks remain prominent in popular culture how history influenced the myth and how the myth has influenced literature film and video games **The Oxford**

Handbook of Public Policy Michael Moran, Martin Rein, Robert E. Goodin, 2008-06-13 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines Public policy is the business end of political science It is where theory meets practice in the pursuit of the public good Political scientists approach public policy in myriad ways Some approach the policy process descriptively asking how the need for public intervention comes to be perceived a policy response formulated enacted implemented and all too often subverted perverted altered or abandoned Others approach public policy more prescriptively offering politically informed suggestions for how normatively valued goals can and should be pursued either through particular policies or through alternative processes for making policy Some offer their advice from the Olympian

heights of detached academic observers others as engaged scholars cum advocates while still others seek to instil more reflective attitudes among policy practitioners themselves toward their own practices The Oxford Handbook of Public Policy mines all these traditions using an innovative structure that responds to the very latest scholarship Its chapters touch upon institutional and historical sources and analytical methods how policy is made how it is evaluated and how it is constrained In these ways the Handbook shows how the combined wisdom of political science as a whole can be brought to bear on political attempts to improve the human condition

The Embodied Soul in Plato's Later Thought Chad Jorgenson, 2018-04-05 In this book Chad Jorgenson challenges the view that for Plato the good life is one of pure intellection arguing that his last writings increasingly insist on the capacity of reason to impose measure on our emotions and pleasures Starting from an account of the ontological epistemological and physiological foundations of the tripartition of the soul he traces the increasing sophistication of Plato's thinking about the nature of pleasure and pain and his developing interest in sciences bearing on physical reality These theoretical shifts represent a movement away from a conception of human happiness as a purification or flight of the soul from the sensible to the intelligible as in the *Phaedo* towards a focus on the harmony of the individual as a psychosomatic whole under the hegemonic power of reason

The History of Tammany Hall Gustavus

Myers, 2023-10-29 In *The History of Tammany Hall* Gustavus Myers presents a meticulous examination of one of America's most notorious political organizations Written in a journalistic yet scholarly style the book employs a critical lens to dissect Tammany Hall's origins rise to power and eventual decline integrating contemporary socio-political contexts that illuminate the interplay of corruption and democracy in New York City Myers's work is rich with anecdotes historical accounts and biographical sketches of key figures providing readers with a comprehensive narrative that encapsulates the complex dynamics of urban politics in the late 19th and early 20th centuries Gustavus Myers an esteemed journalist and historian dedicated much of his career to advocating for social justice and uncovering systemic corruption His experiences observing political machinations and his commitment to revealing the underbelly of American governance drove him to investigate the inner workings of Tammany Hall Myers's scholarly pursuits were influenced by the Progressive Movement which sought to address issues of inequality and political malfeasance head on positioning his work within a larger discourse on reform and accountability This book is essential for readers interested in American political history or urban studies as it not only narrates the saga of Tammany Hall but also serves as a cautionary tale about the vulnerabilities of democratic institutions Myers's insightful analysis delivers timeless lessons about power ethics and the ongoing struggle for transparency in governance

Body and Gender Roberta Sassatelli, Rossella Ghigi, 2023-12-11 Even though we often think of bodies as natural and given or else as freely plastic objects bodies are both constructed and fundamental to our sense of self This book investigates the body as an essential vector of inequality shaped by institutions interaction and culture and how in turn it contributes to partly modify them Sassatelli and Ghigi show how the process of embodiment is at the same time naturalized

and contested particularly evident in the case of gender Drawing on classical sociological research about modernity and contemporary studies that emphasize intersectionality the book looks at how the gendered body has been conceptualized with special attention to body politics the power of appearance and the representation of embodied identity It also considers the interplay between body sex and sexuality and the way gendered bodies intersect with other dimensions of social inequality such as race age class and disability This exploration of the rich field of sociological inquiry into the gendered body will be an invaluable read for all seeking to understand gender sexuality and embodiment in contemporary society

In the Name of Hate Barbara Perry, 2002-05-03 In *The Name of Hate* is the first book to offer a comprehensive theory of hate crimes arguing for an expansion of the legal definitions that most states in the U S hold Barbara Perry provides an historical understanding of hate crimes and provocatively argues that hate crimes are not an aberration of current society but rather a by product of a society still grappling with inequality difference fear and hate

Peasant Europe H. Hessel Tiltman, 2014-01-21 First published in 2006 This classic work examines the modern history of Europe from an unusual perspective European history has usually focussed on the urban life elite and the middle classes but before World War II more than half of the entire population of the continent was composed of rural peasants occupying a territory stretching from the Black Seas to the Baltic forming a natural barrier between East and West These people Poles Ukrainians Czechs Slovaks Hungarians Southern Slavs and others are the focus of this book First published in the 1930s Tiltman's *Peasant Europe* strays from the normal look at Europe during this time period While much of the continent is concerned with problems of international relations industry and the future of armaments Tiltman goes a step further than most writers and speaks with the common peasant to uncover their day to day concerns He finds that most simply want consideration and a reasonable standard of living for themselves and their children Accompanying the text are full page photographs most of which are taken by the author himself which offer a candid look at peasant life

The Spectator, 1895 A weekly review of politics literature theology and art

Fifteen Hundred Years of Europe Julius Emil De Vos, 1924

The Mediator, 1916

Science Fictions Stuart Ritchie, 2020-07-21 An insider's view of science reveals why many scientific results cannot be relied upon and how the system can be reformed Science is how we understand the world Yet failures in peer review and mistakes in statistics have rendered a shocking number of scientific studies useless or worse badly misleading Such errors have distorted our knowledge in fields as wide ranging as medicine physics nutrition education genetics economics and the search for extraterrestrial life As *Science Fictions* makes clear the current system of research funding and publication not only fails to safeguard us from blunders but actively encourages bad science with sometimes deadly consequences Stuart Ritchie's own work challenging an infamous psychology experiment helped spark what is now widely known as the replication crisis the realization that supposed scientific truths are often just plain wrong Now he reveals the very human biases misunderstandings and deceptions that undermine the scientific endeavor from contamination in science labs to the

secret vaults of failed studies that nobody gets to see from outright cheating with fake data to the more common but still ruinous temptation to exaggerate mediocre results for a shot at scientific fame Yet Science Fictions is far from a counsel of despair Rather it s a defense of the scientific method against the pressures and perverse incentives that lead scientists to bend the rules By illustrating the many ways that scientists go wrong Ritchie gives us the knowledge we need to spot dubious research and points the way to reforms that could make science trustworthy once again Predator Control United States. Congress. Senate. Committee on Commerce. Subcommittee on the Environment,1973 Feminism and Islam Mai Yamani,1996-09 In an age when Western feminism is continuously undergoing redefinition the struggles of women in Muslim countries are often overlooked This volume illustrates how women in Islamic societies have become more actively involved not only in learning their rights under the shari a Islamic law but in rereading this law to improve their status and gain increased equality and freedom Surveying Iran Saudi Arabia Lebanon Egypt and Arab societies in general Feminism and Islam brings together renowned women researchers and academics historians political scientists lawyers sociologists social anthropologists and literary critics to examine the phenomenon of feminism within the Islamic cultural framework Introducing a feminism which is Islamic in its form and context the essays focus on such subjects as crimes of honor and the construction of gender in Arab societies law and the desire for social control women and entrepreneurship family legislation and the political strategies of feminists in the Islamic world Back cover *Handbook of the Psychology of Women and Gender* Rhoda K. Unger,2004-04-21 A lively thought provoking exploration of the latest theory and practice in the psychology of women and gender Edited by Rhoda Unger a pioneer in feminist psychology this handbook provides an extraordinarily balanced in depth treatment of major contemporary theories trends and advances in the field of women and gender Bringing together contributions from leading U S and international scholars it presents integrated coverage of a variety of approaches ranging from traditional experiments to postmodern analyses Conceptual models discussed include those that look within the individual between individuals and groups and beyond the person to the social structural frameworks in which people are embedded as well as biological and evolutionary perspectives Multicultural and cross cultural issues are emphasized throughout including key variables such as sexual orientation race ethnicity and social class Researchers and clinicians alike will appreciate the thorough review of the latest thinking about gender and its impact on physical and mental health which includes the emerging trends in feminist therapy and sociocultural issues important in the treatment of women of color In addressing developmental issues the book offers thought provoking discussions of new research into possible biological influences on gender specific behaviors the role of early conditioning by parents school and the media the role of mother and mothering gender in old age and more Power and gender as well as the latest research findings on American men s ambivalence toward women sexual harassment and violence against women are among the timely topics explored in viewing gender as a systemic phenomenon Handbook of the Psychology of Women and Gender is

must reading for mental health researchers and practitioners as well as scholars in a variety of disciplines who want to stay current with the latest psychological psychosocial thinking on women and gender *Sex Trafficking, Human Rights, and Social Justice* Tiantian Zheng, 2010-09-13 This volume explores the life experiences agency and human rights of trafficked women in order to shed light on the complicated processes in which anti trafficking human rights and social justice are intersected Our Dumb Animals ,1909 *Animals* ,1908
