From Pluralism to Extinction? Perspectives and Challenges for Christians in the Middle East Sotiris Roussos, 2023-07-16 Christian communities are deeply rooted in the Middle East starting their witness since the first centuries of Christianity. The last hundred years of Middle East Christianity's history went through a series of profound crises. Displacement by war genocide and occupation leading to loss emigration and exile seem to be the main experience of Christianity in the modern Middle East. Against this background of displacement Christians have sought to resettle and build anew when allowed. They have been able to make significant cultural political and economic contribution to Middle Eastern societies. In the last thirty years they are again facing ominous threat of extinction. Entering the new millennium they are confronted with major difficulties and transformations in world politics. From 2011 Christians particularly in Syria and Iraq have been suffering death and destruction in the hands of extremist Islamist groups. The volume is a fresh approach to the study of the Christian communities in the Middle East examining their relation to state identity and politics. It questions main presuppositions and perceptions regarding Christianity in the Middle East casts new light on the living Christian communities in the region and reflects on their future role.

The Arab Christ Mouchir Basile Aoun, 2022-11-15 A reflection on Christianity in Arab society This work explores the Christian faith in the current intercultural context of Arab societies It argues that Arab Christianity seeks to express the Christian faith through openness to Muslim otherness existential conviviality and fraternal solidarity In order to safeguard not only the physical existence of these communities but also and above all the relevance and richness of their message of life the theological reflection presented here takes on a three part task First it faithfully describes the sociopolitical and sociocultural reality of the historical integration of Arab Christian communities Second it reinterprets the content of the Christ event with reference to the challenge of Muslim otherness And finally it offers a path for conversion that involves a form not only of evangelical practice designed to foster bonds of fraternal solidarity between the inhabitants of the Arab world but also of shared spiritual quest for moral and political commitment

Lebanese Political Parties Christian Thuselt, 2021-05-19 This book examines Lebanese political parties and their encounters with modernity Taking three mainly Christian parties as an example the book

refutes the idea of Middle Eastern parties being backwards or antiquated By combining historical and anthropological perspectives it is shown that these parties stand for normativities of modernity Lebanese as well as Middle Eastern parties in general have a rather poor reputation they are considered family based ideologically meaningless tailored solely to their leadership and non modern Contrastingly this book claims that the concept of the real party corresponds to an encounter with modernity and that these parties although dysfunctional in parts are better than their reputation Most importantly Lebanese parties are taking the nation state as their central reference point as they recognise it as the legitimate form of societal organization The volume claims that important constituents of modernity such as the individual the nation secularity progress and representing the people demos serve for the parties in question as resources of utopian elements informing much of these parties identities Bringing Lebanese political parties into a global debate on modernity the book tackles the notion of parties of the Middle East being non modern It will be of interest to scholars researching political science political history and the Middle East

La réception théologique et philosophique de l'Islam en Europe à l'époque moderne Alioune Bah, 2014-05-01 Cet ouvrage questionne les perceptions et les représentations théologiques dominantes de l'islam en Europe depuis la fin de l'influence arabe en Espagne et le début de la présence territoriale des Turcs en Europe jusqu'à notre époque D'un point de vue théologique les études révèlent que le sujet islamique est bien présent dans les oppositions entre humanistes et réformistes mais galement entre ceux-ci et les catholiques Le lien de l'islam avec la modernité soulève les questions de la laïcité et plus globalement de la sécularisation

Une pensée arabe humaniste contemporaine Mouchir Basile Aoun, 2012-04-01 L'œuvre de Paul Khoury se dessine sur une toile de fond résolument humaniste Sa philosophie peut être qualifiée d'anthropologie critique elle se déploie sur deux terrains le souci primordial de l'homme et le respect de la finitude Insérée dans le contexte socio historique du monde arabe elle s'avertue malgré l'aveu de la finitude promouvoir une voie de salut qui consiste moderniser la culture arabe

Pensée arabe contemporaine Paul Khoury, 2012-02-01 L'idée directrice de ces études est que les problèmes du monde arabe se réduisent au problème de fond qu'on peut désigner comme tant celui de la mutation culturelle Ce qui signifie le passage de la tradition à la modernité soit d'une mentalité de type théologique une mentalité de type rationnel et plus précisément scientifique et technique Les chances de la modernisation du monde arabe se jouent donc sur la rationalité

Réflexions libanaises Dagher carole, 2013-09-01 Être libanaise et maronite faire partie de la chrétienté d'Orient et porter un patrimoine culturel arabe Cet héritage multiple détermine un chemin de vie source de richesse mais aussi de questionnements Le Liban est-il une belle idée qui peine se matérialiser une terre enivrante et douloureuse la fois Que peuvent encore faire les chrétiens d'Orient Que devient la communauté maronite historiquement pierre angulaire de l'État libanais

Heidegger et la pensée arabe Mouchir Basile Aoun, 2011-11-01 Dans cette brève étude l'auteur entend montrer que la pensée arabe a intérêt à reconsidérer l'apport positif de l'

entreprise heideggerienne pour s'en inspirer dans sa propre quête historique. Basant en partie son ouvrage sur une analyse comparative des structures propres aux deux pensées, l'auteur n'en admet pas moins que de vastes abîmes séparent les deux univers. Aussi n'entend-il rien promettre si ce n'est d'ouvrir la voie à une tentative de rapprochement des deux pensées heideggerienne et arabe.

Géopolitique des chrétiens d'Orient Antoine Fleyfel, 2013-09-01. Passer en revue la présence des chrétiens dans six contextes politiques du Proche Orient arabe exclut tout discours supposant une unité géopolitique des chrétiens d'Orient. L'étude montre quel point ceux-ci appartiennent au devenir de leur pays et vivent des situations uniques. Vont-ils disparaître comme le suggèrent certains ? Non, les chrétiens arabes ne sont pas en train d'écrire leur dernier chapitre en Orient et leur avenir au Machrek leur appartient toujours.

Les dieux criminels Antoine Fleyfel, 2017-09-01. La barbarie des fondamentalismes rejette et extermine la foi d'innombrables personnes sur le plan culturel, perverses sur le plan théologique, terrifiantes sur le plan politique. Les nouvelles idéologies religieuses recrutent toujours plus de membres. C'est en historien et enquêteur qu'Antoine Fleyfel cherche à comprendre la logique de ces systèmes doctrinaux dans quels contextes ils ont vu le jour, leur déploiement dans l'histoire jusqu'en ce début de XXI^e siècle. Il nous mène tout droit au cœur de la grande machinerie infernale du Great Awakening de la Bible Belt aux États-Unis du Goush mounim et ses rejetons en Israël, du mouvement salafiste et wahhabite des origines jusqu'aux organisations terroristes Al Qa da et l'état islamique. Un panorama religieux, politique et idéologique qui instruit le procès des dieux criminels.

Amin Maalouf Joseph Maalouf, 2014-05-01. Comment aborder le choc de la montée du fondamentalisme religieux dans les pays occidentaux ? Est-il vrai que le monde arabo-musulman est incompatible avec la modernité ? Pourquoi ledit monde s'enfonce dans le conformisme et l'intégrisme ? Interprétant la dimension humaniste de l'œuvre d'Amin Maalouf, l'auteur tente de répondre à ces questions qui secouent la fois le monde occidental et le monde oriental en dévoilant subtilement les raisons qui enveniment les rapports entre ces deux mondes.
