THE QUEST FOR THIN PLACES Dana Robert Hicks, 2024-08-26 Breaking things is easy Rebuilding things is much more difficult Once you have deconstructed from toxic religious beliefs what is next Moving from being religious to a rich life of spirituality is easier said than done The temptation for many people who deconstruct from an unhealthy form of dogmatic fundamentalism is to adopt a new form of non religious dogmatic fundamentalism that is just as toxic Religious deconstruction is not a linear process We won't one day arrive and figure it all out There is no end to the deconstructing and reconstructing cycle In this book Dana Robert Hicks outlines a cyclical model of continuous deconstruction and reconstruction The model helps facilitate the deepest longings of the human heart the experiences of awe wonder and transcendence

The Standard Illustrated Book of Facts Harry Thurston Peck, 1912

THE ART OF DEFINING LIFE Adrian Gabriel Dumitru, Truth be told we want an over night change in our lives There are many moments when the actual reality is very difficult to handle and looks like we have no escape at all We dream of a quantum jump even if we don't understand the concept very well In few words the reality sucks and we dream of a life that we will never have because deep inside us we don't really believe we will ever meet this reality We have a fake attitude that we are looking for change but this attitude is just a mask for our fears as them not to be seen So we wonder today if there is a way of how our lives can be changed in what we think that should be better for us Does it exist a system that we could follow and achieve our dream life But it must be a simple way otherwise we know that we will not follow the path Everything is happening is related to us and everything could happen is also related to us The magic answer because we are looking only for magic answers is the art of defining life Yes this is an art We need to start be honest with ourselves and all the answers to simple questions as why am i fat because i eat too much why my partner is cheating on me because i did not know to be that perfect partner that i had to be

and the list of questions will go on We need to start defining what we dont like Once we understand that the change is in our powers and if we really want a change we will start the process of achieving the new life we dream at We dont need to go to a therapist we dont need to study motivational issues of social media and dont even need to read hundreds or thousands of books to start the change process The art of defining our lives means that we have the courage to understand what we dont like and define very clear how our reality should look like The depression or what we call depression because many things are unclear in our minds is this huge gap between where we are now and where we want to be We are looking for a magic bridge that should help us go very easily from one point to the other The process itself is a very simple one as long as we decide to be honest to us The art of defining yes is an art And also to live is an art Once we decide that we are brave enough to live our lives the dream life the magic will happen cause all the magic is our powers
