Ask students to choose the three occupations they would most like to do, and also their three least favorite. Then, in small groups, have them compare their lists. Take a class poll to see which jobs are the most popular and unpopular. Have a class discussion, encouraging students to give reasons for their choices.

Grammar: Be

Remind your students that every sentence in English must contain a verb. The highest-frequency verb in English is *be*, so it's important to master it. Bear in mind that this verb can be tricky because it has irregular forms, and doesn't follow the same structure as the verb *to be* in other languages. Remember, also, that many languages do not use an *it* pronoun for things that are not people.
