important way to connect people around PH Our audience increased tremendously while lowering our environmental footprint we had more than 5 000 registrants from 130 countries The narrative of the event was especially tailored to be aligned with the underlying event concept bringing foundations of PH values and knowledge and PH in action in the private sector government and civil society Each of them was the main theme of a day that week Finally we felt it was time for the global PH community to issue a call to action for a deep change and urgent response the S o Paulo Declaration on Planetary Health was developed openly and collaboratively by the global community with assistance from the United Nations Development Program and was released after the event At the end and after all the hard work we felt very satisfied with the results the ample participation and with an innovative event that will certainly inspire the next editions **The Seattle Times School Guide** Katherine Long,2000 **El-Hi Textbooks & Serials in Print** Bowker Editorial Staff,2004-02 Chronicle Financial Aid Guide 2009-2010 Chronicle Guidance Publishers,2009
