Occupation Centred Practice with Children Sylvia Rodger, 2013-05-20 This book draws on contemporary occupational therapy theory and research to provide occupational therapy students and clinicians with a practical resource on implementing occupation centred practice with children. Each chapter has specific objectives and uses case studies to demonstrate the clinical realities and applications of each of the topics addressed. Best practice guidelines are provided along with a summary of recommendations drawn from the relevant theories, occupational therapy philosophy and existing research. The book aims specifically to be practice based.

The Occupational Therapist's Workbook for Ensuring Clinical Competence Marie Morreale, Debbie Amini, 2024-06-01 The Occupational Therapist's Workbook for Ensuring Clinical Competence is designed to help occupational therapy students and new practitioners demonstrate the practical problem solving and real life clinical reasoning skills essential for fieldwork and clinical practice. This user friendly resource helps the reader apply occupational therapy concepts, improve narrative and pragmatic reasoning skills and measure attainment of knowledge and skills needed for successful transition to fieldwork and entry level practice. Inside The Occupational Therapist's Workbook for Ensuring Clinical Competence, a wide variety of client conditions, situations and intervention options are presented for different practice areas. Knowledge and skills are assessed for fundamental aspects of occupational therapy such as professionalism, ethical decision making, evidence based practice, evaluation and intervention planning, occupation based interventions, effective communication, supervision, role delineation, activity analysis, cultural competence, interprofessional collaboration, group process, emerging practice areas, department management, safety, documentation, billing and reimbursement and more. Marie Morreale and Debbie Amini have incorporated numerous worksheets, learning activities and worksheet answers in an easy to read format. The variety of assessment methods and learning activities used throughout the text stem from the authors' combined decades of teaching experience and include case studies, vignettes, multiple choice, matching and true/false questions, fill in the blanks, experiential activities and more. Topics are broken down into smaller units and explained step by step to allow for easy independent study. Thoroughly explained answers are provided so that readers can check their responses with suggested best practice. These worksheets and learning activities are also useful as role playing exercises, studying in small groups and can aid in preparing for fieldwork or the national certification exam. Included with the text are online supplemental materials for faculty use in the classroom. The Occupational Therapist's Workbook for Ensuring Clinical Competence is the go to text for occupational therapy students and faculty as well as new occupational therapy practitioners who require the practical problem solving skills and the clinical decision making skills essential for fieldwork and clinical practice.
