The Iroquois Hunt A Bluegrass Fox Hunting Tradition Sports:

The Iroquois Hunt Christopher Oakford,2014-11-11 Founded near Lexington Kentucky in 1880 and refounded in 1926 the Iroquois Hunt Club is a small club at the heart of the Bluegrass Its history however is populated by vivid characters with strong links to some of America s most influential figures and most important movements of the last 120 years Members participated in the Black Hills Gold Rush of the 1870s the fight for women s right to vote in the early 1900s Theodore Roosevelt s creation of national parks and the building of the Grand Coulee Dam At home in the Bluegrass they also contributed mightily to the development of modern Lexington and were key figures in founding the iconic Keeneland Racecourse and in a number of historic Thoroughbred nurseries including Calumet and the Whitney farm Authors Christopher and Glenye Oakford retrace the storied past of an influential group **Chronicle of the Horse** ,1981-10 **In Kentucky** ,1954 **In Kentucky** Kentucky. Department of Public Relations,1956 *Chase* ,1924 **Foxhunters Speak** Mary Motley Kalergis,2017-04-15 This oral history of foxhunting examines the mentors and influences of fifty people who have dedicated their lives to the sport of horse and hound From the seventy some years of hound breeding experience of Melvin Poe to the unusual story of a retired grandmother who decided to overcome her fear of horses and got her colors with Red Rock Hounds on her seventieth birthday this oral history explores the depth and the breadth of foxhunting through the faces and voices of fifty different people who have been a tremendous influence on the sport or whose lives have been tremendously influenced by foxhunting These oral histories are accompanied by beautiful black and white portraits taken by photographer Mary Kalergis The recollected sights sounds and scents of foxhunting shared within these pages are a feast for the senses and nourish the soul **Fox Hunting in America** Allen Potts,2015-06-15 Excerpt from Fox Hunting in America Fox hunting in America as well as in Great Britain had its beginning around the year 1700 In England long before that time and indeed as early as 1611 the fox was hunted by the farmer and the petty squire but the pursuit was really sport and was treated with great contempt by the sportsmen of those days who held that stag hounds gave royal recreation and that the chase of the hare came next in importance In America however and when I say America I speak of the colonies of Virginia and Maryland for those early days the sport of hunting any animal with hounds cannot very well have taken place until the end of the seventeenth century 1690 for the reason that the first settlements were upon the banks of streams and for many years thereafter there were no fields over which hounds could run and indeed the settlers possessed neither hounds nor horses even if the country had been adapted to hunting The colony in Virginia founded at Jamestown in 1607 was almost swept away by the great massacre in 1622 and for a year thereafter the colonists lived within stockades never daring to wander beyond sight of a primitive fort There is no record that fox hounds existed in the colony at that time and indeed the records of the Virginia Company from 1619 to 1624 contained no mention of foxes or hounds or of hunting In Maryland where the first settlement was founded at St Mary s near the present site of Annapolis in 1634 the same state of affairs

existed and it seems therefore hardly probable that the statement made in Outing of October 1897 by Mr Hanson Hiss in his very interesting article The Beginning of Fox Hunting in America to the effect that in Queen Anne County the first fox hunt in America took place in the year 1650 is correct About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Gray Ghosts and Red Rangers Thad Sitton,2010-09-24 Around a campfire in the woods through long hours of night men used to gather to listen to the music of hounds voices as they chased an elusive and seemingly preternatural fox To the highly trained ears of these backwoods hunters the hounds told the story of the pursuit like operatic voices chanting a great epic Although the hunt almost always ended in the escape of the fox as the hunters hoped it would the thrill of the chase made the men feel that they were close to something lost and never to be found just as one can feel something in a great poem or a dream Gray Ghosts and Red Rangers offers a colorful account of this vanishing American folkway back country fox hunting known as hilltopping moonlighting fox racing or one gallus fox hunting Practiced neither for blood sport nor to put food on the table hilltopping was worlds removed from elite fox hunting where red and black coated horsemen thundered across green fields in daylight Hilltopping was a nocturnal even mystical pursuit uniting men across social and racial lines as they gathered to listen to dogs chasing foxes over miles of ground until the sun rose Engaged in by thousands of rural and small town Americans from the 1860s to the 1980s hilltopping encouraged a quasi spiritual identification of man with animal that bound its devotees into a brotherhood of blood and cause and made them seem almost crazy to outsiders

Some Unwritten Laws of Organized Foxhunting and Comments on the Usages of the Sport of Riding to Hounds in America (Classic Reprint) Louis V. Breese,2016-09-30 Excerpt from Some Unwritten Laws of Organized Foxhunting and Comments on the Usages of the Sport of Riding to Hounds in America One of the most detrimental things that could have occurred to organized hunting in America wasthe atmosphere of society rather than sports manship given to the early hunt clubs Riding to foxhounds cannot properly exist in any locality in the world unless every member of the community is interested in its welfare The noble sport has lived successfully through two cen turies in Great Britain because it has been con ducted in the most democratic manner possible and mere social or financial status has nothing to do with one s privilege to subscribe to and hunt with the local hounds His qualities as a true sportsman and his support of hunting according to his means are all the qualifications that are asked of a man Hunt Clubs are practically non existent in Great Britain but let it not be thought for a moment that hunting organizations are not infinitely better managed than in America It can truthfully be said that we as a rule have been hopelessly deficient in everything connected with organized hunting from showing ordinary courtesy to land owners and the preservation of the hunting country as such to the breeding and management of hounds British hunting in modern times is generally on a subscription basis and managed by committees often elected by the subscribers or trustees but never with the attitude of social superiority often taken towards the rest of the community by the American hunt Club About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
