The beauty and extraordinariness of words used in literature may help increase students' aesthetic and intellectual growth. Studying literature is not merely cognitive-oriented but also transformative. By gaining knowledge about literature from a variety of cultures across the world, students can grow their sense of becoming human beings so as to develop their global citizenship, tolerance, and ethical responsibility. In Indonesian context, as in any parts of the world, sometimes wrecked by prejudice and intolerance, good values from different literary traditions should be implanted in the young age as early as possible.
