Abstract: The authors investigate the effects of the 1997–1998 Asian financial crisis on the export and import of goods and services from and to the Asian countries. The results show that the Asian financial crisis has a significant negative effect on the export and import of goods and services from and to the Asian countries. The results also show that the Asian financial crisis has a significant positive effect on the export and import of goods and services from and to the Asian countries.
